Born in June 1929, Anne Frank would've probably led a life of obscurity had her diary not been published by her father in 1947. She would have remained a number, a faceless statistic lost in some government file, but, it was not to be so. Anne's diary was, for her, a space to express herself in the most honest and candid of terms.

A shorter, more accessible edition of a now-classic survey of the origin and nature of the universe features new full-color illustrations and an expanded, easier to understand treatment of the volume's more important theoretical concepts.

The Diary of a Young Girl, also known as The Diary of Anne Frank, is a book of the writings from the Dutch language diary kept by Anne Frank while In 1942, with zis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding.The family was apprehended in 1944, and Anne Frank died of typhus in the Bergen-Belsen concentration camp in 1945. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fasciting commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short. The diary was retrieved by Miep Gies, who gave it to Anne's father, Otto Frank, the family's only known survivor, just after the war was over. The diary has since been published in more than 60 languages.

A collection of the author's lesser-known writings includes stories, personal reminiscences, previously deleted excerpts from her diary, and an unfinished novel composed while she was hidden from the Nazis.

The classic text of the diary Anne Frank kept during the two years she and her family hid from the Nazis in an Amsterdam attic is a powerful reminder of the horrors of war and an eloquent testament to the human spirit.

Tracing Anne Frank's life from an early childhood in an assimilated family to her adolescence in German-occupied Amsterdam, Melissa Müller's biography, originally published in 1998, follows her life right up until her desperate end in Bergen Belsen. This updated edition includes the five missing pages from Anne Frank's diary, a number of new photographs, and brings to light many fascinating facts surrounding the Franks. As well as an epilogue from Miep Gies, who hid them for two years, it features new theories surrounding their betrayal, revelations about the pressure put on their helpers by the Nazi party and the startling discovery that the family applied for visas to the US. This authoritative account of Anne Frank's short but extraordinary life has been meticulously revised over seven years.

A chronicle of the war in Sarajevo from a child's perspective details the author's struggle for survival and a normal life in a chaotic nation from 1991 through 1993, revealing how an innocent life of piano lessons and birthday parties was transformed into horrifying days of food shortages, friends dying, and hiding out in a neighbor's cellar during bombings. Reissue.
