"One of the most profound books of our day." --Flo Aeveia Magdalena, author of "I Remember Union." In July 2010, Mary Magdalene began "beckoning" to humanity through Mercedes Kinkel, coming to her daily with essential instructions for our evolution into higher consciousness. MARY MAGDALENE BECKONS contains the full series of Mary's heart-opening and mind-expanding messages, together with Kinkel's illuminating commentary. These universal teachings help us: Open our hearts; Experience our bodies, sexuality, and emotions as pathways to the Divine; Allow pain to take us to God; Understand God as Masculine and Feminine; Free us from judgment, blame, and limiting beliefs; Experience the sacred partnership of the Divine Masculine-Feminine. While most books about Mary focus on her life in past times, MARY MAGDALENE BECKONS presents Mary as a wellspring of contemporary wisdom and a shining example of the Sacred Feminine. HELL HATH NO FURY... At first glance, most see only a shy girl from New York, but to the denizens of the night -- vampires, witches, and their ilk -- I am a nightmare given flesh, born to raze their kind from this very Earth. I am the Icon, the Shining One, the last defender of humanity against the oncoming tide of darkness. Where most see only a shy girl from New York, the denizens of the night -- vampires, witches, and their ilk -- see a nightmare given flesh, born to raze their kind from this very Earth. I am the Icon, the Shining One, the last defender of humanity against the oncoming tide of darkness. They say my coming was foretold, that prophecies speak of a beacon of hope who will light the way during the end days. It is said I am destined to vanquish the last of the Magi, and face the Night Spawn in the final battle for the fate of mankind. If only things could be so easy. Despite all my power, I am afraid. And if I can't conquer my fear, face my demons, and overcome the feelings I have for a man I must destroy, then I shall be utterly consumed ... and the world will know endless suffering for my failure.

Enter a world of mystery and hauntings fair and foul ... A fabulously spooky ghost story from one of Voyager's bestselling authors, traci Harding.

Scientific accounts of existence give chance a central role. At the smallest level, quantum theory involves uncertainty and evolution is driven by chance and necessity. These ideas do not fit easily with theology in which chance has been seen as the enemy of purpose. One option is to argue, as proponents of Intelligent Design do, that chance is not real and can be replaced by the work of a Designer. Others adhere to a deterministic theology in which God is in total control. Neither of these views, it is argued, does justice to the complexity of nature or the greatness of God. The thesis of this book is that chance is neither unreal nor non-existent but an integral part of God's creation. This view is expounded, illustrated and defended by drawing on the resources of probability theory and numerous examples from the natural and social worlds.
