In this sequel to *Learn Me Good*, Jack Woodson (no longer a green behind the ears teacher) returns to recount another school year's worth of challenges, triumphs, and mishaps with a brand new cast of wild and crazy students. Six years have passed, and this time around, Jack gets a talking monkey sidekick, a beautiful love interest, and a top-secret undercover CIA assignment to Uranus. (Well, ONE of those things is true, anyway). There are witty quotes, riotous stories, and more twists and turns than M. Night Shyamalan's small intestine. Through email correspondence with Fred Bommerson, Jack talks about PTA fundraisers gone awry, unnatural food chains, and how any action can be made acceptable as long as "it's for science." With subject lines such

"Graceful fancy, elevated sentiment, and simple but dignified expression ensure a high place among the fairy tales of the publishing year for the Queen of Roumania's charming work, The Lily of Life.... The merit of the telling is unusual, and it has the further advantage of being presented in an exceedingly handsome and artistic form. The coloured illustrations of Miss Helen Stratton show graceful drawing and fine gradations of tone. They are not merely a pictorial summary of the story, but genuine works of art, and a distinctive

One Harley ride later they're back at her place, and she realizes that she has been missing out . . . on quite a lot . . . Wish You Were Here by Amy Garvey

Photographer Mackenzie Pruitt knows exactly what she wants her future to look like, and this summer that means renovating a dilapidated shed into a studio. But when hunky carpenter Leo Dawson shows up, she'd much rather have his capable hands on her than on a hammer. He's not the kind of guy she always thought she'd fall for, but when he touches her, she can't imagine wanting anyone else . . .
