Chechnya, a 6,000-square-mile corner of the northern Caucasus, has struggled under Russian domination for centuries. The region declared its independence in 1991, leading to a brutal war, Russian withdrawal, and subsequent "governance" by bandits and warlords. A series of apartment building attacks in Moscow in 1999, allegedly orchestrated by a rebel faction, reignited the war, which continues to rage today. Russia has gone to great lengths to keep journalists from reporting on the conflict; consequently, few people outside the region understand its scale and the atrocities described by eyewitnesses as comparable to those discovered in Bosnia committed there. Anna Politkovskaya, a correspondent for the liberal Moscow newspaper Novaya gazeta, was the only journalist to have constant access to the region. Her international stature and reputation for honesty among the Chechens allowed her to continue to report to the world the brutal tactics of Russia's leaders used to quell the uprisings. A Small Corner of Hell: Dispatches from Chechnya is her second book on this bloody and prolonged war. More than a collection of articles and columns, A Small Corner of Hell offers a rare insider's view of life in Chechnya over the past years. Centered on stories of those caught-literally-in the crossfire of the conflict, her book recounts the horrors of living in the midst of the war, examines how the war has affected Russian society, and takes a hard look at how people on both sides are profiting from it, from the guards who accept bribes from Chechens out after curfew to the United Nations. Politkovskaya's unflinching honesty and her courage in speaking truth to power combine here to produce a powerful account of what is acknowledged as one of the most dangerous and least understood conflicts on the planet.

Anna Politkovskaya was assassinated in Moscow on October 7, 2006. "The murder of the journalist Anna Politkovskaya leaves a terrible silence in Russia and an information void about a dark realm that we need to know more about. No one else reported as she did on the Russian north Caucasus and the abuse of human rights there. Her reports made for difficult reading—and Politkovskaya only got where she did by being one of life's difficult people."—Thomas de Waal, Guardian

Details the war in Chechnya from the perspective of a Russian journalist, discussing the history of the strife between Russians and Chechnyans that became war in the early 1990s and was renewed by terrorist attacks in 1999.

Tricky is one of the most original music artists to emerge from the UK in the past 30 years. His signature sound, coupled with deep, questioning lyrics, took the UK by storm in the early 1990s and was part of the soundtrack that defined the post-rave generation. This unique, no-holds-barred autobiography is not only a portrait of an incredible artist - it is also a gripping slice of social history packed with extraordinary anecdotes and voices from the margins of society. Tricky examines how his creativity has helped him find a different path to that of his relatives, some of whom were bare-knuckle fighters and gangsters, and how his mother's suicide has had a lifelong effect on him, both creatively and psychologically. With his unique heritage and experience, his story will be one of the most talked-about music autobiographies of the decade.

"The best book to have been written about the Vietnam War" (The New York Times Book Review); an instant classic straight from the front lines. From its terrifying opening pages to its final eloquent words, Dispatches makes us see, in unforgettable and unflinching detail, the chaos and fervor of the war and the surreal insanity of life in that singular combat zone. Michael Herr's unsparing, unorthodox retellings of the day-to-day events in Vietnam take on the force of poetry, rendering clarity from one of the most incomprehensible and nightmarish events of our time. Dispatches is among the most blistering and passionate accounts of war in our literature.

I fell into the deepest of holes. I am no one. I awake in a windowless room--naked, filthy, bruised, robbed of my every memory. I feel inexplicably drowned in a sea of hatred and rage. I...don't know who I am. But I know I must escape. This is Matt Wells, hero of The Death List and The Soul Collector, as you've never seen him. Crime writer Matt Wells could never have conjured a plot this twisted--a secretive militia running sick brainwashing experiments in the Maine wilderness, himself a subject. He knows they've been subconsciously feeding him instructions...but for what? Taunted by maddening snatches of a life he can't trust as his own, Matt's piecing it together: three gruesome killings he's blamed for...and a woman...someone from his past he should remember.

Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell's Angels, that is—in this short work of nonfiction. —California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again.— Thus begins Hunter S. Thompson's vivid account of his experiences with California's most notorious motorcycle gang, the Hell's Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as *The New Yorker* pointed out, —For all its uninhibited and sardonic humor, Thompson's book is a thoughtful piece of work.— As illuminating now as when originally published in 1967, *Hell's Angels* is a gripping portrait, and the best account we have of the truth behind an American legend.

The first novel from the New York Times bestselling author of *The Idiot Girls*— Action-Adventure Club is a rollicking tale of small-town peculiarity, dark secrets, and one extraordinary beauty pageant. When her husband is offered a post at a small university, Maye is only too happy to pack up and leave the relentless Phoenix heat for the lush green quietude of Spaulding, Washington. While she loves the odd little town, there is one thing she didn't anticipate: just how heartbreaking it would be leaving her friends behind. And when you're a childless thirtysomething freelance writer who works at home, making new friends can be quite a challenge. After a series of false starts nearly gets her exiled from town, Maye decides that her last chance to connect with her new neighbors is to enter the annual Sewer Pipe Queen Pageant, a kooky but dead-serious local tradition open to contestants of all ages and genders. Aided by a deranged former pageant queen with one eyebrow, Maye doesn't just make a splash, she uncovers a sinister mystery that has haunted the town for decades. —[Laurie Notaro] may be the funniest writer in this solar system.——*The Miami Herald*
