The voice of reason in a world that won't shut up. The Sunday Times Bestseller Winner of the Parliamentary Book Awards Every day, James O'Brien listens to people blaming hard-working immigrants for stealing their jobs while scrounging benefits, and pointing their fingers at the EU and feminists for destroying Britain. But what makes James's daily LBC show such essential listening - and has made James a standout social media star - is the incisive way he punctures their assumptions and dismantles their arguments live on air, every single morning. In the bestselling *How To Be Right*, James provides a hilarious and invigorating guide to talking to people with unchallenged opinions. With chapters on every lightning-rod issue, James shows how people have been fooled into thinking the way they do, and in each case outlines the key questions to ask to reveal fallacies, inconsistencies and double standards. If you ever get cornered by ardent Brexiteers, Daily Mail disciples or corporate cronies, this book is your conversation survival guide.

"Our response to moral questions is not determined by politics, economics, personal preference, popular opinion, or human reasoning. It is, instead, grounded in what God has told us is true about ourselves and our world....God's Word offers sanity, clarity, and hope." --John MacArthur *Trusted Voices Offer Biblical Responses to Today's Hot Issues* One of the greatest challenges facing Christians today is the powerful influence of secular thinking. From all directions we're fed a constant barrage of persuasive--yet unbiblical--worldviews. This makes it difficult to know where to stand on today's most talked-about issues. The leadership team at Grace Community Church, along with their pastor, John MacArthur, provide much-needed discernment and clarity in the midst of rampant confusion. Using the Bible as the foundation, you'll learn how to develop a Christian perspective on key issues--including... political activism environmentalism the cult of celebrity entertainment and escapism homosexual marriage abortion, birth control, and surrogacy euthanasia and suicide disasters and epidemics immigration God and the problem of evil Also included is a topical reference guide of Bible verses that address key concerns--a guide that will arm you with right thinking and biblical answers to challenging questions.

Dennis Lehane, the New York Times bestselling author of *Live by Night*--now a Warner Bros. movie starring Ben Affleck--delivers a psychologically, morally complex novel of blood, crime, passion, and vengeance, set in Cuba and Ybor City, Florida, during World War II, in which Joe Coughlin must confront the cost of his criminal past and present. Ten years have passed since Joe Coughlin's enemies killed his wife and destroyed his empire, and much has changed. Prohibition is dead, the world is at war again, and Joe's son, Tomás, is growing up. Now, the former crime kingpin works as a consigliere to the Bartolo crime family, traveling between Tampa and Cuba, his wife's homeland. A master who moves in and out of the black, white, and Cuban underworlds, Joe effortlessly mixes with Tampa's social elite, U.S. Naval intelligence, the Lansky-Luciano mob, and the mob-financed government of Fulgencio Batista. He has everything--money, power, a beautiful mistress, and anonymity. But success cannot protect him from the dark truth of his past--and ultimately, the wages of a lifetime of sin will finally be paid in full. Dennis Lehane vividly recreates the rise of the mob during a world at war, from a masterfully choreographed Ash Wednesday gun battle in the streets of Ybor City to a chilling, heartbreaking climax in a Cuban sugar cane field. Told with verve and skill, *World Gone By* is a superb work of historical fiction from one of "the most interesting and accomplished American novelists" (Washington Post) writing today.

Inundated by popular culture, many women have lost their bearings and no longer trust the internal compass that intuitively affirms those things that are good, true, and noble about womanhood. As Jesus' favorite and most powerful teaching tactic was the parable, it is appropriate that Mary Kassian walks the reader through the compelling tale of the wild versus wise woman found in Proverbs 7. By using 20 points of contrast, she helps readers discern wild from wise, saucy from biblically savvy, and more. *Girls Gone Wise in a World Gone Wild* will captivate, convict, and challenge women to become decreasingly worldly and increasingly godly, and it will equip them with truth for that journey. Includes questions for personal reflection at the end of each chapter

Many communities are finding themselves at a crossroads where the past intersects the future. One road leads to stagnation, while the other road leads to sustainability. In a globalized and "wiki-oriented world," the challenges of sustaining healthy, vibrant, and evolving communities have increased, and they are not going away anytime soon. *Community Leadership 4.0* by author Carolyn Corbin responds to those challenges by offering up strategies and approaches any community can adopt to meet the 21st century head-on. By effectively applying the skills and thought processes discussed in this book, any community leader will be better equipped to guide their community into a successful tomorrow. *Community Leadership 4.0* will impact cities, towns, and villages by designing strategies for appropriate interventions that will empower communities to leverage the many global opportunities that lie

Designated by The New York Times Book Review as a must-read in 2008 for the next U.S. president, Lapp 's unique take and laser-like logic invite readers to try on a new, invigorating way of seeing the world. With her characteristic boldness, she takes on a set of disempowering ideas driving economic and ecological crises, challenging readers to rethink the meaning of power, democracy, and hope itself. In her punchy, no-holds-barred style, Lapp weaves together fresh insights, startling facts, and stirring vignettes of regular people pursuing ingenious solutions. "My book's intent," Lapp writes, "is to enable us to see what is happening all around us but is still invisible to most of us - people in all walks of life penetrating the spiral of despair and reversing it with new ideas, innovation and courage." This updated and revised edition responds to Obama's presidency and the global financial collapse, concluding with reflection questions that are perfect for book groups.

We are living in a day when countless multitudes have lost their way both morally and spiritually. Like a ship without anchor, this last day's generation is being tossed to and fro by a flood of deception and wrong influences that is tragically causing people to lose their moorings. What should we do to make sure we don't get sucked in to the chaotic swirl of moral and spiritual confusion sweeping the world today? That is the vital question prolific author and Greek scholar Rick Renner answers in this riveting and timely book.

In recent years the mental health industry has been attacked for the invalidity of its illnesses, the unreliability of its diagnoses, the dangers of its treatments, and its corruption by drug companies. *Commonsense Rebellion* integrates those critiques and goes further. Nearly 1 in 4 American adults take psychiatric drugs, and Ritalin production has increased 800 percent since 1990. Yet the mental health industry laments the fact that two-thirds of us with diagnosable mental disorders do not seek treatment. This book argues that "institutional mental health's" ever-increasing diseases, disorders, and drugs have diverted us from examining an important rebellion against an increasingly impersonal and coercive "institutional society" which worships speed, power, and technology. This has created fantastic wealth - at least for some - but its disregard for human autonomy, community, and diversity has come with a cost. Depression has reportedly increased tenfold since 1900, and suicide levels for teenage boys have tripled since 1960. Have human genetics and serotonin levels changed that much, or has society?>
