Core Exams are administered twice yearly, typically in June and November. Please refer to the Exam Dates and Locations page for upcoming exam dates. A candidate is eligible to take the Core Exam in the 36 th month of diagnostic radiology training. Residents who take the exam prior to their 36 th month of training are often at a disadvantage because they have not had enough exposure to all clinical rotations covered in the exam.

**Core Exam Overview - ABR**

As I discuss in The ABR Core Exam Experience, the test questions are short, to the point, and a significant portion are easy giveaways. From this, I believe that getting the easy questions right is by far the most important component of passing.

**Approaching the Radiology Core Exam | Ben White**

Its style and content is highly tailored for the Core and largely follows the Core "study guide," and 300 questions per topic is a more complete tour than offered by many resources. These are great resources with a healthy but not exhaustive number of cases and should be enough to be confident with each section.
