New York Times-bestselling authors Marc and Angel Chernoff deliver instant inspiration and powerful advice for becoming our best selves. Millions of readers turn to Marc and Angel Chernoff for fresh, intimate insights for a fulfilled life. In this pithy and empowering guide, they collect the very best advice they've discovered, on topics that include overcoming setbacks, letting go of what's holding us back, nurturing relationships, finding time for self-care, and cultivating passion in order to achieve our wildest dreams. Topics include: * 10 Mistakes Unhappy People Make * 28 Ways to Stop Complicating Your Life * 12 Tough Truths That Help You Grow * 12 Amazingly Achievable Things to Do Today * 10 Timeless Lessons for a Life Well-Lived A perfect gift for a loved one or ourselves, this deceptively simple book is a touchstone to return to for a boost of motivation and inspiration.

Russia's political leaders are currently pushing a state- and society-wide process of modernization. The Russian military, a deeply conservative institution, is being asked to accept fundamental changes that threaten the very livelihoods of those being asked to implement them. New structures can be created and new equipment and technologies procured, but the crucial element is the degree to which such changes are accepted by the human element. This is often the most difficult aspect in any process of organizational change. It is no wonder that the military modernization process is progressing slowly in Russia. The Russian ground forces will not be very different in the next few years than they are now. Time and future investment will eventually produce the more refined army that a host of Russian politicians have wished to see. But it will take time and investment

This publication is aimed to support two MoMoWo traveling exhibitions which will be presented in six European countries in two years (2016-2017): indoor exhibition catalogue “ 100 Works in 100 Years. European Women in Architecture and Design. 1918-2018 ” , and

outdoor exhibition “ Women ’ s Tale. A Reportage on Women Designers ” . Exhibition catalogue 100 Works in 100 Years. European Women in Architecture and Design. 1918-2018 brings together a selection of some of the most significant and representative examples of European architecture and design created by 100 women from the end of the First World War up until today. The number of works is symbolic, as ‘ one hundred ’ could also mean ‘ countless ’ as in the Latin word centium. While, the number of authors—each work has a different author— derives from MoMoWo ’ s choice to represent many different creators, consequently popularising lesser known figures, too. It includes biographies of women architects, civil engineers, furniture and industrial designers, urban planners, interior and landscape designers. It represents the main trends and major ‘ schools ’ of architecture and design all over Europe. The biographical data covers education and training, professional histories, networks women have operated in, including informal societies, memberships in trade bodies and associations, their profile as international, national, local and regional designers, as well as looking at how women have promoted their work i.e. in exhibitions, publications, competition entries, etc. The catalogue entries are followed by thirteen thematic essays on women architects and designers and by the outdoor exhibition catalogue “ Women ’ s Tale. A Reportage on Women Designers ” , where photographs by ten finalists of the MoMoWo Photo competition are presented. By seeking to identify women who worked in Europe as well as European women who worked outside Europe over last 100 years, the main aim of this catalogue is to increase the awareness of historians and the general public about their enormous contribution to architecture and design, and indirectly providing accessibility to their works.

_____ Razstavní katalog 100 Works in 100 Years. European Women in Architecture and Design. 1918-2018 prinaša izbor nekaterih najbolj reprezentativnih primerov evropske arhitekture in oblikovanja, ki jih je sto žensk ustvarilo v obdobju od konca prve svetovne vojne do danes. Izbrano število del je simbolično, saj 'sto' v latinščini lahko pomeni tudi 'nešteto' (lat. centium), medtem ko število ustvarjalok – vsako delo ima drugo avtorico – izhaja iz namena MoMoWo projekta predstaviti im več različnih avtoric in s tem posledično osvetliti tudi manj znane osebnosti. Katalog vsebuje biografije arhitektk, gradbenih inženirk, oblikovalk na področju notranjega in industrijskega oblikovanja, urbanistk in krajinskih arhitektk iz 26-tih držav. Zastopane so glavne smeri in pomembne 'šole' na področju arhitekture in oblikovanja iz vse Evrope. Biografski podatki obsegajo izobrazbo in šolanje, poklicno pot ustvarjalok, mreže v katerih so ženske delovale, vključno z neformalnimi skupinami, članstvom v institucijah in združenjih, njihov profil na mednarodnem, nacionalnem, lokalnem in regionalnem nivoju, kot tudi kako so predstavljale svoje delo na razstavah, v publikacijah, na javnih nastopih itd. Kataložnim enotam sledi trinajst tematskih esejev o arhitektkah in oblikovalkah ter katalog razstave na prostem “ Women ’ s Tale. A Reportage on Women Designers ” , ki predstavlja fotografije desetih finalistov mednarodnega MoMoWo fotografskega natečaja. S predstavitvijo žensk, ki so delovale v Evropi, in Evropejk, ki so delovale izven nje v zadnjih sto letih je glavni namen kataloga razširiti vedenje strokovne in širše javnosti o ogromnem prispevku žensk na področju arhitekture in oblikovanja in jim hkrati približati njihovo delo. Publikacija je izšla v okviru dveh MoMoWo potujočih razstav, ki bosta v dveh letih (2016-2017) predstavljeni v šestih evropskih državah: razstava “ 100 del v 100 letih. Evropejke na področju arhitekture in oblikovanja. 1918-2018 ” , in razstava na prostem “ Ženska zgodba. Reportaža o oblikovalkah ” .

In the small Colombian mountain village of Mariquita, a band of guerrillas storms in to protest the country's ruling government. They arrive with propaganda and guns, and when they depart they have forcibly recruited all the town's men, leaving behind only a few—the priest and a young, fair-skinned boy disguised as a little girl. In their wake, Mariquita becomes a sinking wasteland filled with women who

quickly resign themselves to food shortages, littered streets, and mourning. Without men, life is hopeless, and getting along, nearly impossible. But, Rosalba viuda de Patiño, wife of the former police sergeant, sees a different fate for the town of widows. She declares herself magistrate and promises to instill law and order while restoring the failing economy and infrastructure. Reluctantly, the women agree to join forces. A utopia emerges, one that ironically resembles the ideal society the guerrilla group claims to promote. Deft, rich, and darkly humorous, *Tales from the Town of Widows* is a captivating exploration of gender and sexuality that uses the ongoing conflict in Colombia as a backdrop. It presents a fascinating portrait of ill-fated wives and the war that helped them build a peaceful, equality-based society. Exquisitely wrought, remarkably original, James Cañón's stunning debut marks the arrival of an unforgettable new literary talent.

After an unexpected demand from a neighboring king, Sander Ahtissari is forced to make a choice that could mean the life or death of his people. A blatant threat to his kingdom involves danger not just to the citizens of Latvala, but to his immediate family. Sander stands to lose it all: his children, the love of his life, and his legacy. Find out whether the king of Latvala prevails against a cunning enemy in *Sander and Chey: Legacy*, a companion book to the *Royals* series.

Extensive work is a result of four year research within the international project *Women's Creativity since the Modern Movement*, and brings new insights into women in architecture, construction, design, urban planning and landscape architecture in Europe and in the rest of the world. It is divided into eight chapters that combine 116 articles on topics: A. Women ' s education and training: National and international mappings; B. Women ' s legacy and heritage: Protection, restoration and enhancement; C. Women in communication and professional networks; D. Women and cultural tourism; E. Women ' s achievements and professional attainments: Moving boundaries; F. Women and sustainability: City and Landscape; G. Women ' as subjects ' : Documentation, methodology, interpretation and enhancement; SG. Design drawings. / Obsežno delo je plod štiriletnih raziskav v okviru mednarodnega projekta MoMoWo - Ženska ustvarjalnost od modernizma dalje in prinaša nova spoznanja na področju žensk v arhitekturi, gradbeništvu, oblikovanju, urbanizmu in krajinski arhitekturi v Evropi in širše. Razdeljena je v osem poglavij, ki združujejo 116 prispevkov na temo o njihovi izobraženosti, kulturni zapušini, vključevanju v stanovska združenja ali njihovim prispevkom h kulturnemu turizmu in stroki ter raziskovanju njihovega dela. Zaključijo poglavje z grafičnimi prilogami.

Historically, the contributions of women architects to their profession have been minimized or overlooked. 'Designing Women' explores the tension that has existed between the architectural profession and its women members. It demonstrates the influence that these women have had on architecture in Canada, and links their so-called marginalization to the profession's restrictive and sometimes discriminatory practices. Co-written by an architectural historian and a sociologist, this book provides a welcome blend of disciplinary approaches. The product of much original research, it looks at issues that are specific to architecture in Canada and at the same time characteristic of many male-dominated workplaces. Annmarie Adams and Peta Tancred examine the issue of gender and its relation to the larger dynamics of status and power. They argue that many women architects have reacted with ingenuity to the difficulties they have faced, making major innovations in practice and design. Branching out into a wide range of alternative fields, these women have extended and developed what are considered to be the core specializations within architecture. As the authors point out, while the

profession designs women's place within it, women design buildings and careers that transcend that narrow professional definition.
