Evidence-based policing does not provide definitive answers that officers and staff should apply uncritically. Officers and staff will reflect on their practice, consider how the 'best available' evidence applies to their day to day work, and learn from their successes and failures. The approach should mean officers and staff can ask questions, challenge accepted practices and innovate in the ...

AN INTRODUCTION TO POLICING, International Edition, is a "must read" for your students considering a career in law enforcement.

The expansion of degrees and postgraduate qualifications on policing has come hand in hand with the need for a more scholarly and research-based approach to the subject. Students are increasingly encouraged to apply research to practice and this book is specifically designed to bring clarity to the concept of empirical research in policing. As an introduction to the theoretical explanations and assumptions that underpin the rationale of research design in policing, this book clearly illustrates the practical and ethical issues facing empirical research in a policing context, as well as the

Read PDF An Introduction To Policing

limitations of such research. Introduction to Policing Research brings together a range of leading scholars who have a wide range of experience conducting police research. Topics covered include: professional development, police culture, policing protests, private policing, policing and diversity, policing in transition, policing and mental health, policing and sensitive issues. This book is perfect for undergraduate and graduate students on policing degrees, as well as graduate students and researchers engaged with criminal justice. It is also essential reading for police officers taking professional and academic qualifications.

knowledge to the progress of the police community. Case studies, narratives from violators, and current research coverage help students recognize the central theories and practical (documented) realities of American law enforcement. Students are encouraged to consider the way some believe policing should be while examining evidence about the way it is. This text will also provide a current description of local and state police organization partnerships with federal organizations and of the efforts accomplished by federal law enforcement agencies including the Department of Homeland Securities (DHS).

Introduction to Policing: Perceptions Versus Reality provides students with a comprehensive and insightful overview of the

policing profession. The text combines scholarly research and accounts from the author's personal experience as a police officer to provide a balanced and authentic look into the everyday realities of the law enforcement profession. The opening chapter explores the history and evolution of policing, detailing key players and significant eras that have advanced the profession. Later chapters outline historical and contemporary perceptions of policing, including common viewpoints from specific populations and the efforts many organizations have undertaken to rebuild trust and positive perception in the police. Students learn about the requirements and process for becoming a police officer, the basics of law enforcement administration, and how police organizations interact with homeland security. The text closes

Read PDF An Introduction To Policing

with chapters that discuss legal procedures, professionalism, and future initiatives. The revised first edition includes a new chapter titled Policing in the 21st Century, which discusses citizens review boards, choke holds, no-knock warrants, the Community Policing Act, calls to disband the police, and other contemporary developments within the discipline. Equal parts academic and engaging, Introduction to Policing is an ideal resource for foundational courses in criminal justice, law enforcement, and policing.
