The Torbitt Document was a damning expose of J Edgar Hoover, Lyndon Johnson, John Connally and Werner von Braun, among many others, for their role in the assassination of President John F Kennedy. "The Islington Mystery" is a classic horror mystery story by one of the modern masters of supernatural and horror fiction, Arthur Machan. Arthur Machen (1863 - 1947) was a Welsh author and renowned mystic during the 1890s and early 20th century who garnered literary acclaim for his contributions to the supernatural, horror, and fantasy fiction genres. His seminal novella "The Great God Pan" (1890) has become a classic of horror fiction, with Stephen King describing it as one of the best horror stories ever written in the English language. Other notable fans of his gruesome tales include William Butler Yeats and Arthur Conan Doyle; and his work has been compared to that of Robert Louis Stevenson, Bram Stoker, and Oscar Wilde. This chilling tale of inexplicable circumstances in London's borough of Islington is highly recommended for fans of the macabre and is not to be missed by collectors of vintage supernatural fiction. Many vintage books such as this are increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.
