Reef, among many other amazing adventures. Interesting facts and figures pepper the scenes. Did you know that London's Big Ben clock bell weighs as much as a small elephant? Or that more than one-third of the world's commercial supply of pineapples comes from Hawaii? A 'Can you find?' page at the back challenges you to explore the pages even deeper by locating the pictured people, animals and things. This smaller Travel Edition fits easily into suitcases, backpacks and car-seats, making it the perfect guide for budding adventurers.

It's time to explore lost prehistoric lands and the huge variety of dinosaurs that roamed them with Lonely Planet Kids' Dinosaur Atlas. Kids can unfold maps and lift the flaps to reveal amazing illustrations and facts about how dinosaurs lived and where they were discovered. They'll also learn about famous paleontologists and measure themselves against life-size bones, teeth and claws. From giant sauropods and horned dinosaurs, to duckbills and ferocious theropods, kids will discover how the dinosaurs evolved, what they looked like and how they hunted. Plus, we've included the latest finds and theories. Created in consultation with Dr David Button, a dinosaur expert at the North Carolina Museum of Natural Sciences, and featuring iconic illustrations by James Gilleard. About Lonely Planet Kids: Come explore! Let's start an adventure. Lonely Planet Kids excites and educates children about the amazing world around them. Combining astonishing facts, quirky humour and eye-catching imagery, we ignite their curiosity and encourage them to discover more about our planet. Every book draws on our huge team of global experts to help share our continual fascination with what makes the world such a diverse and magnificent place - inspiring children at home and in school.
