SECTION 4: AUDITING AND ASSURANCE TITLE, AUTHOR(S) AND EDITION. A Textbook for Auditing by Elisa Ajowi; Fundamentals of Practical Auditing by Ravinder Kumar; Auditing by Alan Millichamp 10th Edition; Auditing by Gramling Rittenberg Int'l Ed; Auditing I : Principles and Concepts by N.T.T. Simiyu; Auditing and Assurance Services: An Integrated Approach by Alvin A. Arens 15th Edition

The eleventh edition of Auditing provides a simplified but thorough approach to students understanding of auditing theory and practice. It clearly explains the key features of auditing in short, easily accessible sections to encourage effective learning. The authors have sought to provide a comprehensive textbook with up-to-date research. Auditing has been completely updated to reflect recent changes in international standards, regulatory processes and corporate governance as well as developments in the field of auditing. The new edition is ideal for anyone studying modules in auditing at undergraduate or postgraduate level, or those preparing for professional examinations set by accounting bodies such as ACCA.

Now in its tenth edition, Auditing is a comprehensive textbook which provides thorough up-to-date coverage of auditing in an accessible style. The book clearly explains the key features of auditing in short, easily readable sections that promote effective learning. The increasing content of auditing courses has led to a need for a broad textbook which is aimed at the needs of today's auditing students. With this in mind, Auditing is a concise but thorough approach to understanding of auditing and practice. Auditing is ideally suited for auditing modules on undergraduate, postgraduate and professional courses in accounting and finance throughout the world. It is also ideal for use by practitioners on professional auditing courses.

Research is an ever-increasing vital feature of academic accounting and finance, but few researchers are ever offered guidance on the research process. Research Method & Methodology in Finance & Accounting is the only book of its kind as it focuses on academic rather than student research. The text provides a clear, well-written guide to research in these subjects. This essential book, for both students and lecturers, has now been fully revised and updated, to include all of the advances made on the subject in the last 10 years.

Pooling the expertise of leading researchers Issues in Management Accounting critically explores a broad range of issues in a concise, digestible style. Both students and practitioners specialising in this area will find this book an essential guide to the many developments affecting management accounting theory and practice.

This package includes a physical copy of Corporate Finance and Investment: Decisions and Strategies, 7/e by Richard Pike, Bill Neale and Philip Linsley, as well as access to the eText and MyFinanceLab. Corporate Finance and Investments, now in its seventh edition, is a popular and well-regarded text for students of corporate finance. The text takes a practical approach, focusing on the strategic issues of finance in a business setting. With clear and accessible language and an international perspective, the seventh edition will provide students with both essential knowledge of corporate finance and the tools to apply it.

The EPA was established to enforce the environmental laws Congress enacted during the 1970s. Yet today lethal toxins still permeate our environment, causing widespread illness and even death. Toxic Loopholes investigates these laws, and the agency charged with their enforcement, to explain why they have failed to arrest the nation's rising environmental crime wave and clean up the country's land, air and water. This book illustrates how weak laws, legal loopholes and regulatory negligence harm everyday people struggling to clean up their communities. It demonstrates that our current system of environmental protection pacifies the public with a false sense of security, dampens environmental activism, and erects legal barricades and bureaucratic barriers to shield powerful polluters from the wrath of their victims. After examining the corrosive economic and political forces undermining environmental law making and enforcement, the final chapters assess the

potential for real improvement and the possibility of building cooperative international agreements to confront the rising tide of ecological perils threatening the entire planet.

"Includes coverage of international standards and global auditing issues, in addition to coverage of PCAOB Auditing Standards, the risk assessment SASs, the Sarbanes/Oxley Act, and Section 404 audits."
