Basic Bookkeeping: An Office Simulation, Eighth Edition, takes an exciting learn-by-doing approach using a company case simulation so that students can gain a thorough understanding of all aspects of the bookkeeping process. This edition contains updated payroll deduction tables and the latest sales tax rates. Its applied approach puts the students in the role of the bookkeeper for KBC Decorating Co. and challenges them to maintain the financial records for the company through one fiscal year. This text is designed to teach the fundamental concepts and applications of bookkeeping.
