"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State--and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years--it has been suggested that an account of my life and fortunes would not be uninteresting to the public."--an excerpt

The Nag Hammadi Scriptures, edited by Marvin Meyer, is the most complete, up-to-date, one-volume, English-language edition of the renowned library of Gnostic manuscripts discovered in Egypt in 1945, which rivaled the Dead Sea Scrolls find in significance. It includes the Gospel of Thomas, the Gospel of Mary, and the recently discovered Gospel of Judas, as well as other Gnostic gospels and sacred texts. This volume also includes introductory essays, notes, tables, glossary, index, etc. to help the reader understand the context and contemporary significance of these texts which have shed new light on early Christianity and ancient thought. The compilation of ancient manuscripts that constitute The Nag Hammadi Scriptures is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.

I'M PREGNANT, ON THE RUN, AND WEARING HIS RING... HANNAH How the hell did I get here? Oh, right - Daniel "Dust" Grayson. Scariest, sexiest man alive. The only man who's ever stolen my panties, lured me into his bed, and left me begging for more. This isn't what you're thinking. Yes, he's an outlaw. Trouble incarnate on two towering legs and the hottest smirk south of the Mason-Dixon line. But I'm not in a world of hurt because he's President of the Deadly Pistols MC, or because my big brother is his right hand man - hello, drama! No, Dust tried to save me from myself. I can't let my secrets kill him. It's time to forget everything: his love, his kisses, raising the baby he'll never know together. Never wed an outlaw. A broken heart was my wedding present, and now it's my only defense... DUST Hannah was my biggest mistake. Ain't every day a man claims a girl, shoves his ring on her finger, and tells her she's his 'til the end of time. I had it all, blind to the storm approaching. Then she disappeared. She forgot about us. I'll die before I let her. Darlin', I'm coming. Don't care if my best friend is her kin, and he wants to rip my head off. Don't care if she's a hostage to the meanest crew I ever laid eyes on. Don't care if I have to move heaven, hell, and everything in between to bring her home. If Hannah's a mistake, I'm owning up. Every single inch of her, every kiss, every damned day. She made me crave the whole package, a wife and kids, like a man needs air. I can't stop. I won't go back. She's coming back to my arms, or I'll rip this wicked world limb from limb.

Designed for both practitioners and academics, this work seeks to inform the reader about the practice of competency management services in the public sector. It throws light on the origins and meanings of the concept and traces the competency movement from the 1980s in the UK and USA.

Katriana Cardona My life ended the moment the X-Clan found me. Bitten.Turned.And claimed by him. My genetic markers label me as a rare Omega. But inside, I'm all female alpha. And I will not heel. Not even to the Alpha of Andorra Sector. Ander Cain promises me protection.A new world of pleasure and pain.But he wants all of me in return.Even if it means taking me by force. I'll be damned if I give up my inner fight. I spent the last twenty-one years battling the walking dead. These wolves won't know what hit them when I'm through. Ander Cain My life began the moment I found her, my darling little mate. She's the force of nature Andorra Sector needs to give us hope for a future. A reason to keep going and to protect our lands from the zombie infestation beyond. Yet she refuses to play by our rules. Born in a time where humans will do anything to survive, she's not used to the pack hierarchy or the laws our kind abides by. Oh, but she'll learn. And I'll thoroughly enjoy being the one to train her. Katriana Cardona can fight me all she wants, but in the end, she will be mine. Whether she submits or not. Note: This is a standalone shifter romance with omegaverse and dystopian elements. There will be three main novels in the X-Clan series, all featuring different couples. Novellas may appear in between about side characters as well.

A soothing collection of favorite bedtime songs and rhymes is complimented by illustrations depicting cuddly woodland animals snuggling under glittering stars.

Taking inspiration from his two decades of experience in this field, Jason has picked his very best plant-based macro-nutrient blends (fat, protein, carbohydrates) and micro-nutrient juices (vitamins, minerals and phytonutrients) and combined them into one revolutionary 7-day plan. The book also contains Jason's usual pinch of coaching inspiration, helping to ensure that you breeze through the plan.
