From a Caldecott Honor artist comes a mouth-watering celebration of good things to eat that's perfect for warm-weather reading and combines learning to count with color concepts! One by one, 10 very hungry rabbits find 10 very yummy vegetables for Mama Rabbit's soup pot. One big purple cabbage, two white onions, three yellow peppers, and so on through 10--garden vegetables have never looked so appetizing! Here Anita Lobel makes a delightful story for preschoolers with the two most basic early learning concepts, counting and color. And her beautiful illustrations of vegetables might even tempt picky eaters into new adventures in eating!

Sad bunny children are cheered up when they are transported by the benevolent Bunny Queen to the magical Bunny Planet, where they experience their bad days as they should have been.

"Mouse and Cow are making soup, but Pig keeps trying to add strange ingredients"--

"Jon Swift + Witches of Eastwick + Kelly 'Get In Trouble' Link + Mean Girls + Creative Writing Degree Hell! No punches pulled, no hilarities dodged, no meme unmangled! O Bunny you are sooo genius!" -Margaret Atwood, via Twitter "A wild, audacious and ultimately unforgettable novel." -Michael Schaub, Los Angeles Times "Awad is a stone-cold genius." -Ann Bauer, The Washington Post The Vegetarian meets Heathers in this darkly funny, seductively strange novel from the acclaimed author of 13 Ways of Looking at a Fat Girl "We were just these innocent girls in the night trying to make something beautiful. We nearly died. We very nearly did, didn't we?" Samantha Heather Mackey couldn't be more of an outsider in her small, highly selective MFA program at New England's Warren University. A scholarship student who prefers the company of her dark imagination to that of most people, she is utterly repelled by the rest of her fiction writing cohort--a clique of unbearably twee rich girls who call each other "Bunny," and seem to move and speak as one. But everything changes when Samantha receives an invitation to the Bunnies' fabled "Smut Salon," and finds herself inexplicably drawn to their front door--ditching her only friend, Ava, in the process. As Samantha plunges deeper and deeper into the Bunnies' sinister yet saccharine world, beginning to take part in the ritualistic off-campus "Workshop" where they conjure their monstrous creations, the edges of reality begin to blur. Soon, her friendships with Ava and the Bunnies will be brought into deadly collision. The spellbinding new novel from one of our most fearless chroniclers of the female experience, Bunny is a down-the-rabbit-hole tale of loneliness and belonging, friendship and desire, and the fantastic and terrible power of the imagination. Named a Best Book of 2019 by TIME, Vogue, Electric Literature, and The New York Public Library
