Every motorcyclist, from the weekend joyrider to the everyday commuter to the aspiring racetrack pro needs this book. In 291 insider hits, experts from Cycle World magazine cover: Gear: Including how to buy the best bike possible, evaluate a used ride, suit up for style and safety, and adapt your gear to a wide range of riding conditions. Riding: Make the most of any situation, from navigating dangerous city streets and enjoying desert off-roading to holding your own on competitive tracks around the world (amps and pro-racer tips included!). Have fun, ride like a pro, and keep the rubber side down. Repair & Maintenance : Tips for how to become your own repair shop—and how to avoid getting ripped off when you do need a mechanic. Also includes on-the-fly repairs, emergency fixes, and pro tips for maintenance routines to keep your bike running for years to come.

A celebration of the many motor trikes and three-wheeled motorcycles produced since the early days of motoring. Taking us right up to the present day, this book covers a wide range of machines from mild to wild, accompanied by original colour photographs. Featuring easy-to-read captions with minimum jargon: it will delight both enthusiasts and the novices alike.

Vibe is the lifestyle guide to urban music and culture including celebrities, fashion, beauty, consumer electronics, automotive, personal care/grooming, and, always, music. Edited for a multicultural audience Vibe creates trends as much as records them.

p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial} When the first Corvette was introduced to the public through the travelling caravan known as Motorama, everyone knew there was something special about it. Each subsequent model continued to strengthen that position. But how do you upgrade America's favorite sports car? Make it a special edition! Special edition Corvettes are the tip of the spear when it comes to the American auto manufacturers special models. Luminous cars such as the 1967 L88 convertible, 1969 aluminum block ZL1, and 2015 Z06 #001 have all commanded a million dollars or more. Modern dealer-tuned cars from Lingenfelter, Calloway, and Hennessey have carried the tradition of making a great Corvette even better. Extremely low mileage on 1978 Pace Cars indicate that people have thought of these cars as investments for nearly 40 years. Keith Cornett of Corvetteblogger.com compiles a murderer ' s row of special-edition Corvettes in this first-ever compilation on the subject. This book is an encyclopedia of information, as you will learn about some of the rarest Corvettes on the planet. It will serve as a guide if you're looking to add one of these special machines to your collection. Everything you ' ve ever wanted to learn about collectible Corvettes is in Corvette Special Editions.
