alienation offer a fun and engaging workbook to help kids work through stressful or confusing emotions and feel safe and loved—no matter what. Divorce is never easy. But for kids who have parents in conflict with one another, or where one parent is so hostile that he or she is actively trying to undermine the kids' relationship with the other parent, divorce can be unbearable. This workbook is designed especially for kids, and includes helpful tips and exercises to help them deal with the negative impact of custody disputes, understand and identify their feelings, learn to cope with stress and other complex emotions, and feel secure. Written by two leading experts in child psychology, this easy-to-use workbook includes a number of helpful suggestions to guide children through a

then keep reading. The human body is a magnificent organism that functions at its best and thrives well only when it's fed the right nutrition. As you have been taught or you have read, the kind of food you eat has a significant effect on your body functions and overall quality of life. Unfortunately, giving our body the healthy nutrients it needs can be difficult in the society we find ourselves in today, thanks to packaged and processed foods that are readily available and very affordable. Many of these processed foods throw off your body's balance as they do not provide the nutrients the body needs in the right proportion and thus affect our pH negatively. New research in the field of medicine has surfaced to show that the acidic and alkaline levels of our bodies greatly impacts our wellness and health. The

Lungs and kidneys help to balance the pH of the body, thus its critical to keep these organs healthy so they can keep up with ridding the body of excess acid; Like any other organ in the body, the kidney thrives off three key minerals which are chloride, magnesium and potassium. These key minerals help the kidneys to function at their best and unfortunately, we get little or nothing of these minerals from the modern diet. Thankfully, the Alkaline Diet helps you to bring your body back to balance. This diet promotes alkalinity in the body and, incorporating these foods into your diet, it will help your kidneys function optimally and also rid the body of excess acid. Some of the benefits of this diet are the following: Strengthens the immune system - higher antioxidant intake greatly benefits the

immune system. When you modify your diet by increasing vegetable and fruit intake, immune strength is created. It prevents diabetes - according to research, those who take an alkaline diet displays better glycemic control. Because diabetic ketoacidosis is the main cause of acidic blood levels, one of alkaline diet's logical benefit is diabetic relief. It decreases inflammation - a body that is full of toxins because of too much consumption of processed food and animal products mainly target the joints and arteries. An effective immune system brings about inflammation reduction. Are you wondering if this book is for you?
