Founded by the chieftain Kempe Gowda around 1537, the story of Bangalore has no grand linear narrative. The location has revealed different facets to settlers and passers-through. The city, the site of bloody battles between the British and Tipu Sultan, was once attached to the glittering court of Mysore. Later, it became a cantonment town where British troops were stationed. Over time, it morphed into a city of gardens and lakes, and the capital of PBI - Indian scientific research. More recently, it has been the hub of PBI - India's information technology boom, giving rise to Brand Bangalore, an PBI - Indian city whose name is recognized globally. Hidden beneath these layers lies a cosmopolitan city of sub-cultures, engaging artists and writers, young geeks and students. People from every corner of PBI - India and beyond now call it home. In this collection of writings about a multi-layered city, there are stories from its history, translations from Kannada literature,

Ananthamurthy writes about Bangalore's Kannada identity; Shashi Deshpande maps the city through the places she has lived in since she was a young girl; Anita Nair draws a touching portrait of a florist who celebrates the glories of the Raj; Ramachandra Guha describes his close bond with Bangalore's most unusual bookseller; and Rajmohan Gandhi recounts the Mahatma's trysts with the city. From traditional folk ballads to a nursery rhyme about Bangalore, from poems to blogs, from reproductions of turn of the twentieth century picture postcards to cartoons, *Multiple City* is the portrait of a metropolis trying to retain its roots as it hurtles into the future.

The FASAB has identified four overall objectives in federal financial reporting: budgetary integrity, operating performance, stewardship, and systems and control. FASAB Standard Number 6, as amended, focuses on operating performance and stewardship. The FFC Standing Committee on Operations and Maintenance has prepared this report to identify potential issues that should be considered in any future amendments to the standard and to suggest approaches for resolving them. The committee's intent is to assist the CFO Council, federal agencies, the FASAB, and others as they consider how best to meet the objectives of federal financial reporting for facilities.
