Ever Wonder Why The Same Patterns Happen To You Over And Over Again? We all have imprints, both negative and positive. An imprint is a belief that shapes our thoughts and actions, a belief we often hold unconsciously. Liliane Desjardins, a certified clinical addiction specialist, co-founder of Pavillon Gilles Desjardins, and co-creator of the Desjardins Unified Model of Treatment of Addictions, sets forth in "The Imprint Journey" an exploration of imprints, how they govern our lives, and how we can reprogram our minds to function in new and fulfilling ways. "The Imprint Journey" is equivalent to reading two powerful books in one. Liliane spends the first section telling her own story--a childhood in war-torn Croatia, the death of her mother, being an immigrant first to France and later French Canada--and the addictions and dysfunctions that marred her life until a suicide attempt resulted in a near-death experience. Her own personal recovery led her on a mission to help others find their own freedom from self-imposed and self-

limiting imprints. The second half of this powerful book provides an anatomy of our imprints, revealing how to transform them so we are free to be our authentic selves. Liliane includes eight powerful personal stories of people who have overcome their imprints--including religious, sexual, and cultural limitations--as well as an overview of how understanding and rewriting our imprints can shape the human race's future as we all experience individual "Oneness." Readers will find themselves turning to The "Imprint Journey" again and again as a guide to relieve fears and to discover powerful truths about themselves that will transform them into their authentic selves. Acclaim For Desjardins' "The Imprint Journey" "Liliane writes from the depth of her own experience, with passion and power and a keen understanding of the human psyche. Her insights lift the reader above their own past patterns, providing insight both comforting and striking. The book inspires hope that no matter what we've been through, fundamental change is possible." --Marianne Williamson, author, A Return To Love "The Imprint Journey will touch your very soul and make way for profound transformation. From personal story to practical steps, Liliane walks with her readers on the path of awakening. Your life will be changed." --Carolyn Craft, Psychotherapist, Unity Minister, host of "Waking Up With Carolyn Craft" on Sirius Satellite Radio Learn more at www.LilianeDesjardins.com From Life Scripts Press www.RewritingLifeScripts.com

From a Pulitzer Prize-winning investigative reporter at The New York Times comes the troubling story of the rise of the processed food industry -- and how it used salt, sugar, and fat to addict us. Salt Sugar Fat is a journey into the highly secretive world of the processed food giants, and the story of how they have deployed these three essential ingredients, over the past five decades, to dominate the North American diet. This is an eye-opening book that demonstrates how the makers of these foods have chosen, time and again, to double down on their efforts to increase consumption and profits, gambling that consumers and regulators would never figure them out. With meticulous original reporting, access to confidential files and memos, and numerous sources from deep inside the industry, it shows how these companies have pushed ahead, despite their own misgivings (never aired publicly). Salt Sugar Fat is the story of how we got here, and it will hold the food giants accountable for the social costs that keep climbing even as some of the industry's own say, "Enough already."

Elise Kavanagh is being held captive without weapons or allies. The only way out of the garden is to kill God Himself. "Updates Robert Louis Stevenson's classic story . . . Teens who enjoy brooding love stories will not be disappointed" (School Library Journal). Jill Jekel has always obeyed her parents' rules--especially the one about never opening the mysterious, old box in her father's office. But when her dad is murdered, and her college savings disappear, she's tempted to peek inside, as the contents might be the key to a lucrative chemistry scholarship. To improve her odds, Jill enlists the help of gorgeous, brooding Tristen Hyde, who has his own dark secrets locked away. As a team, Jekel and Hyde recreate experiments based on the classic novel, hoping not only to win a prize, but to save Tristen's sanity--and maybe his life. But Jill's accidental taste of a formula unleashes her darkest nature and compels her to risk everything--even Tristen's love--just for the thrill of being bad. "Fantaskey's latest novel deliberately evokes the doppelganger theme and questionable experiments of Stevenson's The Strange Case of Dr. Jekyll and Mr. Hyde. It also owes a great deal to Stephenie Meyer's Twilight series . . . Fans of the genre won't be able to resist this slick genre update." --Booklist
