Senator Rand Paul, leading national politician and 2016 Presidential candidate, presents his vision for America. From his electrifying thirteen-hour filibuster against administration-orchestrated drone strikes against U.S. citizens, to leading the discourse on criminal justice, Senator Rand Paul has taken Washington by storm. His outreach to this country's minority communities alone- championing reforms of mandatory minimum sentencing, school choice, and the creation of enterprise zones for economically depressed areas- distinguishes him as a politician and Republican the likes of which are rarely seen. What lies ahead is Senator Paul's plan for America, where lower taxes and smaller government empower a muscular and expansive middle class; an America that doesn't engage in nation-building or fight wars where the best outcome is stalemate; an America that believes in constitutionally protected liberty and the separation of powers.

Haynes manuals are written specifically for the do-it-yourselfer, yet are complete enough to be used by professional mechanics. Covers Chevy S-10 and GMC Sonoma pickups (1994-2004), Blazer and Jimmy (1995-2004), GMC Envoy (1998-2001), and Oldsmobile Bravada & Isuzu Hombre (1996-2001).

Covers all models of Pick-Up, Tacoma, T100, Land Cruiser, 4Runner, 2 and 4 wheel drive.

A soup-to-nuts introduction to small, economical sailing craft Trailer sailers--the smallest, most economical sailboats with sleeping accommodations--are a popular platform for learning the basics of sailing and are often considered to be the entry level to cruising under sail. Author Brian Gilbert shows how trailer sailers can be the ideal craft for a lifetime of enjoyment, including serious, long-distance cruising. This book covers all the bases, including how to inspect, buy, and equip a boat; how to trailer, sail, navigate, and cruise in small boats; how to use communications and navigation equipment; and more.

[Mardukite Heritage Edition: A reissue of an otherwise cycled out-of-print edition kept available for review and posterity as part of the developmental legacy of the Mardukite Research Organization, founded 2008.] The most coveted materials from the Mardukite Research Organization return to print in the long anticipated anthology: DELOMELANICON - The Nine Gates of the Kingdom of Shadows (de Umbrarum Regni Novem Portis) edited by Joshua Free. Extracted from nine classic 'libros' books from the underground movement, The Delomelanicon offers seekers access to Nine Gates of Knowledge via a progressive literary collection unlike anything available to the public today. The greatest kept secrets of the ages are revealed simply for newcomers and adepts alike! Come and initiate yourself into the deepest teachings of the esoteric underworld! Uncover the mysteries of the primordial origins of creation and the universal dragon, the appearance of the Sumerian Anunnaki and their affect on Babylonian traditions, the use of cuneiform tablets from the Nabu priest-scribes of Mesopotamia to open stargates and interdimensional portals also echoed in the Egyptian Star-Religion. Discover as these primeval traditions unfold across time and space on the earth, giving rise to new forms Kabbalistic knowledge such as found in the mysticism of Judeo-Christian traditions as well as Gnosticism, the European Dragon Legacy and the Danubian Druids known to the Celts. As the mystery tradition unfolds, new public awareness is brought to the veils by the medieval magicians of 'high magick' and sorcerers using 'ceremonial grimoires' to affect consciousness and manipulate reality using timeless, though now corrupted, techniques. As more humans open up to these 'new worlds', the rise of Rosicrucians, the Hermetic Order of the Golden Dawn, works on Enochian Magic and those from Aleister Crowley spawn a new generation or New Age, incorporating the most recently discernible transmissions from medias such as the "Ninth Gate" movie involving the Aristide Torchia mythos, Kenneth Grant, the O.T.O and A.A., other Typhonian (Tiamat) mysteries, H.P. Lovecraft, the Cthulhu Cult, the Simon Necronomicon, rivalry of sects aligned to either Marduk & Enki or Inanna-Ishtar and other participants of an "alien illuminati" to this day!

This first book of its kind tells the behind-the-scenes story of the incredibly illegal Cannonball rally. This best seller is now available in paperback! In the early 1970s, Brock Yates, senior editor of Car and Driver Magazine, created the now infamous Cannonball Sea-to-Shining-Sea Memorial Trophy Dash; a flat out, no-holds-barred race from New York City to Redondo Beach, California. Setting out to prove that well trained drivers could safely navigate the American highways at speeds in excess of the posted limits, Mr. Yates created a spectacle reminiscent of the glory days of the barnstorming pilots. Filled with fascinating unpublished stories, nostalgic and modern-day photographs, inside information and hilarious stories from this outrageous and incredibly immoral rally. Brock is one of the best-known, most respected automotive journalists in the world today.

"The textbook itself is the culmination of the authors' many years of teaching and research in atomic physics, nuclear and particle physics, and modern physics. It is also a crystallization of their intense passion and strong interest in the history of physics and the philosophy of science. Together with the solution manual which presents solutions to many end-of-chapter problems in the textbook, they are a valuable resource to the instructors and students working in the modern atomic field."--Publisher's website.
