Derek has lived his entire life in the shadow of his father's legacy. When he's chosen for a dangerous mission, he decides it's time to start following his heart and making his own way in life. Other packs have always admired Derek's family, holding them up as an example of what werewolves should be. With a rich history and even greater legacy, Derek has always been burdened with carrying on their traditions. Unable to follow his own wants and desires, he's never been able to forge his own path, until now... When a distant werewolf pack send for help Derek finds the escape he's been waiting for, and not even an arrogant but irresistible alpha will keep him from becoming who he's always wanted to be. Breaking Tradition will introduce you to a brand-new world of pleasure and delight. With seduction around every corner, this story is filled with graphic detail and steamy encounters. 18+ readers only please! This book gathers selected research articles from the International Conference on Innovative Product Design and Intelligent Manufacturing System (ICIPDIMS 2019), held at the National Institute of Technology, Rourkela, India. The book discusses latest methods and advanced tools from different areas of design and manufacturing technology. The main topics covered include design methodologies, industry 4.0, smart manufacturing, and advances in robotics among others. The contents of this book are useful for academics as well as professionals working in industrial design, mechatronics, robotics, and automation.

The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There i detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.

What happens when an Irish god finds himself smitten by a beautiful mortal woman? When the Celtic gods dream of romance trouble abounds! Visit an Irish king tempted by the poetry of a sensuous wraith who blends the mythological and the historical so seamlessly he finds himself transported to a myth-laden Ireland of beasts and warriors-and entirely at her mercy. A forbidden love cursed by the saints causes two young lovers to magically shape-shift to freedom in an underground fairy Otherworld with disastrous results. A Celtic hero sets out on a treacherous sea journey to claim a dream woman. The rekindled ashes of an ancient desire between a fierce clansman and his lady find new light with a pair of young, secret lovers. The volume contains stories by: Jenna Maclaine, Jennifer Ashley, Roberta Gellis, Claire Delacroix, Sue-Ellen Welfonder, Cindy Miles, Ciar Cullen, Helen Scott Taylor, Shirley Kennedy, Margo Maguire, Susan Krinard, Pat McDermott, Nadia Williams, Dara England, Kathleen Givens, Sandra Newgent, Cindy Holby, Cat Adams, Penelope Neri, Patricia Rice.

This alpha dad needs more...Shawn is devastated after learning he is unable to carry children of his own, and he knows that no alpha will take a chance on a barren omega. After all, his last alpha left him when he was unable to conceive. Ever since then, Shawn has struggled with fears of abandonment. As he gets closer to Linc he finds himself wishing he could give the sweet alpha everything; his body, his heart, and more children to love.If only he could have children of his own...Linc loves being a dad to his eight year old son, but inside he yearns for more. Discovering Shawn is his fated mate is a dream come true but it will take time for Linc to convince his stubborn, heart-scarred mate that they have a future together. With the support of his pack, Linc and his inner wolfdedicate themselves to wooing the skittish omega. And when a surprising revelation binds them even closer together, he'll prove that he's just the man to love Shawn... forever.It will take time for Linc to convince his heart-scarred mate that they have a future together. He'll throw his whole being at the task to woo the reluctant omega. And when a shocking revelation binds them even closer together, he'll prove that he's just the man to take care of Shawn... for good.

The fourth edition of CMOS Digital Integrated Circuits: Analysis and Design continues the well-established tradition of the earlier editions by offering the most comprehensive coverage of digital CMOS circuit design, as well as addressing state-of-the-art technology issues highlighted by the widespread use of nanometer-scale CMOS technologies. In this latest edition, virtually all chapters have been re-written, the transistor model equations and device parameters have been revised to reflect the significant changes that must be taken into account for new technology generations, and the material has been reinforced with up-to-date examples. The broad-ranging coverage of this textbook starts with the fundamentals of CMOS process technology, and continues with MOS transistor models, basic CMOS gates, interconnect effects, dynamic circuits, memory circuits, arithmetic building blocks, clock and I/O circuits, low power design techniques, design for manufacturability and design for testability.

Juan Vega lives in a town full of loving families and happy couples. As he watches his best friends fall in love, he can't help but wish for his own omega. He's been in love with Jackson since he met him, but it doesn't look like there will ever be a future for them. When Bennett Wilson urges Juan to make a Christmas wish, everything changes. Jackson Potts may be young, but he has plenty of experience with overbearing, abusive alphas. After watching the way his own biological alpha grandfather and father treated their omegas, Jackson swears he will never date an alpha. He knows there are good alphas out there, but he can't bring himself to trust his own heart to any, even his own friend. The problem is, a certain alpha is very hard to resist. With a little holiday luck, these two men may just find happiness.

“ A book or collection of writings constituting the sacred text of a religion. ” —The American Heritage® Dictionary of the English Language, Fourth Edition For thousands of years, we have been told that God was a man. Then someone reminded us of when God was a woman. Now we have a reference for the sensible folk who have always felt that it takes two. If you have ever thought there was more to religion than ancient rituals performed for reasons unknown, this book will show you exactly what you have been looking for. If you have already come to the realization that Wicca is the religion for you, this book will help fill those many blanks that have been left by other books. Author A.J. Drew makes no attempt to dictate religious dogma or routine. He is quick to point out that the title does not start with the word the. He illustrates the many issues a person's religion should address and shows how he has been able to find answers to those issues through the practice of a modern religion that was based on some of the oldest principles of the ancient world. A Wiccan Bible takes you through the journey of life in three stages: Maiden and Master: Creation, Wiccaning, and Self-dedication. Mother and Father: Initiation, Handfasting/Handparting, and the Wheel of the Year. Crone and Sage: Community, the world, and death. Mythology and science converge as the author details a life's journey into a religion with both old world ritual and new world science, fusing both into a creation myth which satisfies not only mind, but soul as well. A Wiccan Bible not only shows a religious path filled with joy, but one that offers the ability to accept and manage sorrow. It is filled with ritual and with the reasons why ritual is fulfilling, rewarding, and a necessary part of everyday life. As A.J. addresses each issue, he demonstrates not only how he found the solutions in Wicca, and the many ways in which science and magick have helped him to do so. A Wiccan Bible also contains select recipes that the author has collected, including mixtures for incense, oils, and baths.
