The code of practice describes what should happen before an assessment, during the assessment process and following an autism assessment. It says that people involved in the assessment process must receive training on how to identify autism and how to make referrals for assessment, as well ensure that that they explain the process clearly to autistic people and families.

Code of practice

The Code of Practice for Social Care Workers is a list of statements that describe the standards of professional conduct and practice required of social care

workers as they go about their daily work. This is the first time that standards have been set in this way at

## ~~Codes Of Practice—SCIE~~

The Code of Practice for Social Service Workers sets out clear standards of professional conduct and practice that social service workers must meet in their everyday work. Workers are responsible for making sure they meet the required standards and that nothing they do, or don't do, harms the wellbeing of people who use services.

## ~~SSSC Codes of Practice—Scottish Social Services Council~~

A code of practice can be a document that complements occupational health and safety laws and regulations to provide detailed practical guidance on how to comply with legal obligations, and should be followed unless another solution with the same or better health and safety standard is in place, or may be a document for the same purpose published by a self-regulating body to be followed by member organisations.

This Code of Practice has been developed to provide confidence to users as a minimum standard for LED lighting systems installation, as well as to serve as a useful reference on the application of LED lighting systems. Topics covered include: overview of LED lighting systems and applications; system performance, lifetime and safety considerations; lighting design parameters; physical installation and thermal management; inspection, testing and maintenance; drivers and wiring; controls and dimming; LED retrofit. Informative annexes also provide additional context including a detailed myth-busting section.

This code is intended as a guide for all people responsible for the welfare and husbandry of ostriches that have been bred and/or reared in captivity. Considered in this document are the basic behavioural, anatomical and physiological needs of ostriches, irrespective of the type of husbandry practiced, or the climatic conditions to which the ostriches are exposed.

"This code focuses on the procedures appropriate for competitive tendering" -- p.5.

Considering it for your course reading list? Lecturers can order their e-inspection copy here today! How have you found the changes brought about by the new SEND Code of Practice: 0-25 years (2014)? This book is the ultimate guide to making sure that you are not only meeting the requirements, but are improving outcomes for children and young people as well. Written for all professionals working in the field, it covers: · The broader Children and Families Act (2014) · The role of the local authority · Guidance on all the key changes that school leaders, SENCO's, and staff are concerned about · Case studies of settings across the 0-25 age range, including maintained schools, academies, free schools, and specialist and alternative provision. Whether you work in education, health, or social care, or are training to do so, this book will genuinely improve your provision and practice for children and young people with SEND.

This code of practice, long established as a leading publication for the construction industry, provides an authoritative guide to essential principles and good practice in estimating for construction work. The eighth edition has been completely rewritten to include much more educational and contextual material as well as the code of practice.

Dairy farming is of considerable economic and social importance to Wales, accounting for a third of all agricultural production by value and employing thousands of people. The dairy industry in Wales has an estimated total economic output of about £420m, one third (30%) of all Welsh agricultural production. There are 1,901 dairy farmers in Wales who produce 1.5 billion litres of milk per year, 12% of the total UK milk volume. The 224,000 dairy cattle in Wales constitute about 12% of the UK dairy herd. Long-standing cost pressures on dairy farmers came to a head in a crisis in summer last year, 2012, when processors announced a series of milk price reductions to be implemented at short notice. The Committee's key conclusions are: (i) The new voluntary code of practice is an important step forward to redress the balance in the contractual relationship between dairy producer and purchaser; (ii) The Committee urges all dairy processors who have not yet signed the voluntary code to do so; (iii) The code must be given time to work; (iv) Should the voluntary code fail, the UK Government must legislate for a statutory code of contracts.

This text is intended as a set of guidelines, which provide detailed minimum standards for assisting people in understanding the standard of care required to meet their obligations under the laws that operate in Australia's states and territories, on captive bred Emus.
