Focusing on the EU and the Association of Southeast Asian Nations, this book demonstrates how collective identity depends on the construction of outsider states, such as Morocco, Turkey, and Australia, as different. It then analyzes how these regional organizations can consequently aggravate conflicts involving outsider states.

Politics Of Balkan Regional Cooperation St Antony's region. The book charts the variable influence that international actors such as formal organizations, non-governmental organizations, consulting companies and individual transnational policy entrepreneurs have on key policy issues, including pensions, social protection, labour markets and health. The authors conclude that welfare settlements are a complex product of historical and institutional legacies, the neo-liberal interventions of the World Bank, the emerging impact of the EU, and the crowded international arena resulting from war and post-war reconstruction agendas.

the origins and evolution of Southeast Asian regionalism and international relations.

He views the Association of Southeast Asian Nations (ASEAN) "from the bottom

up"-as not only a

U.S.-inspired ally in the Cold War struggle against communism but also an organization that reflects indigenous traditions.

Although Acharya deploys the notion of "imagined

published as *The Quest for*

*Identity* in 2000, Acharya

updates developments in the

region through the first

decade of the new century:

the aftermath of the
