When physical disability from combat wounds brought about Jim Stockdale's early retirement from military life, he had the distinction of being the only three-star officer in the history of the navy to wear both aviator wings and the Congressional Medal of Honor. His writings have been many and varied, but all converge on the central theme of how man can rise with dignity to prevail in the face of adversity.

separate agonies during his imprisonment

In the course of this compact and insightful work, Dr. Ronald Pies, tells us a little about what happiness is, and a lot about how to achieve it.

The Congressional Medal of Honor was awarded to Admiral Stockdale, who spent seven and a half years in a Hanoi prison. He survived because of his character and his values.

"Witty and profound" musings on questions of art and religion from a celebrated novelist known for her philosophical explorations (Library Journal). For centuries, the works of Plato, featuring his mentor and teacher Socrates, have illuminated philosophical discussions. In *Acastos: Two Platonic Dialogues*, acclaimed philosopher, poet, and writer Iris Murdoch turns her keen eye to the value of art, knowledge, and faith, with two dramatic conversations featuring Plato and Socrates. "Art and Eros": After witnessing a theatrical performance, Socrates and his pupils—Callistos, Acastos, Mantias, Deximenes, and Plato—undertake a quest to uncover the meaning and worth of artistic endeavors. "Above the Gods": The celebration of a religious festival leads to a lively discussion of the gods and their place in society, as Socrates, along with several of his followers, talk about the morality of religion, wisdom, and righteousness. Told through vivid characterizations and lively discourse, *Acastos* is at once a "profound and satisfying" exploration of the Socratic method and an enjoyable example of theatrical writing from a Man Booker Prize-winning novelist known for her studies with Ludwig Wittgenstein and her philosophy lectures at Oxford University, as well as for such works of fiction as *The Sea*, *The Sea and The Black Prince* (Kirkus Reviews).

The Sky's The Limit is about reaching for your dreams. It's about daring to take a calculated risk. After all, it's not a risk if you know the outcome. In this book you will discover components for prioritizing your tasks, the rewards of preparation and the joys of success. You will sit behind the controls with Jim and learn the procedures needed for elevating your game. This book is a must read for anyone seeking to climb to new heights. This is not a how-to-book about flying, but a how-to-book about navigating turbulent times and landing at your destination intact and ready for your assignment.

Tranquility Parenting encourages parents to find engaged contentment as they learn to stay calm, deal with problems, reduce negative emotions, and truly enjoy being with their children. Based on an ancient Greek philosophy called Stoicism, this approach to parenting can help parents and their children discover the path to flourishing.

"Cato, history's most famous foe of authoritarian power, was the pivotal political man of Rome; an inspiration to our Founding Fathers; and a cautionary figure for our times. He loved Roman republicanism, but saw himself as too principled for the mere politics that might have saved it. His life and lessons are urgently relevant in the harshly divided America—and world—of today. With erudition and verve, Rob Goodman and Jimmy Soni turn their life of Cato into the most modern of biographies, a blend of *The Decline and Fall of the Roman Empire* and *Game*

Change."—Howard Fineman, Editorial Director of The Huffington Post Media Group, NBC and MSNBC News Analyst, and New York Times bestselling author of *The Thirteen American Arguments* "A truly outstanding piece of work. What most impresses me is the book's ability to reach through the confusing dynastic politics of the late Roman Republic to present social realities in a way intelligible to the modern reader. *Rome's Last Citizen* entertainingly restores to life the stoic Roman who inspired George Washington, Patrick Henry and Nathan Hale. This is more than a biography: it is a study of how a reputation lasted through the centuries from the end of one republic to the start of another."—David Frum, *DailyBeast* columnist, former White House speech writer, and New York Times bestselling author of *The Right Man* Marcus Porcius Cato: aristocrat who walked barefoot and slept on the ground with his troops, political heavyweight who cultivated the image of a Stoic philosopher, a hardnosed defender of tradition who presented himself as a man out of the sacred Roman past—and the last man standing when Rome's Republic fell to tyranny. His blood feud with Caesar began in the chamber of the Senate, played out on the battlefields of a world war, and ended when he took his own life rather than live under a dictator. Centuries of thinkers, writers, and artists have drawn inspiration from Cato's Stoic courage. Saint Augustine and the early Christians were moved and challenged by his example. Dante, in his *Divine Comedy*, chose Cato to preside over the souls who arrive in Purgatory. George Washington so revered him that he staged a play on Cato's life to revive the spirit of his troops at Valley Forge. Now, in *Rome's Last Citizen*, Rob Goodman and Jimmy Soni deliver the first modern biography of this stirring figure. Cato's life is a gripping tale that resonates deeply with our own turbulent times. He grappled with terrorists, a debt crisis, endemic political corruption, and a huge gulf between the elites and those they governed. In many ways, Cato was the ultimate man of principle—he even chose suicide rather than be used by Caesar as a political pawn. But Cato was also a political failure: his stubbornness sealed his and Rome's defeat, and his lonely end casts a shadow on the recurring hope that a singular leader can transcend the dirty business of politics. *Rome's Last Citizen* is a timeless story of an uncompromising man in a time of crisis and his lifelong battle to save the Republic.

This little book contains some of the greatest wisdom literature of the ages. Everyone, and especially young people, should be familiar with it. Both Epicureanism and Stoicism taught that if we want to be happy and productive, we must strengthen and train our willful and wayward minds. There are echoes of the Buddha's *Dhammapada*. The passages selected are both beautiful and moving.
