It was also a new force that restructured childhood so that youth would from now on be socially defined as "children" and "students," not proto-adults.

from an early age Natacha was brainwashed to believe she had a special destiny - that she was part of an elite children's army bestowed with superpowers that would one day save the world from the Anti-Christ. Torn away from their parents, Natacha and her siblings were beaten on a daily basis and forced to sing and dance for entertainment in prisons and malls. Natacha never expected to live to adulthood. At the age of 18 Natacha escaped, but quickly found herself hurtling through a world she had no understanding of. Alone, and grappling to come to terms with an unbelievable sense of betrayal, she was stuck in a kind of limbo - confused and unable to feel part of either way of life. Natacha is one of the lucky ones; not all of her family survived the battle to shed the shame and pain of their past. To date over 40 ex-Children of God members of Natacha's generation have committed suicide. All Natacha ever wanted was to feel normal, but escaping the cult was only the beginning. Shocking, moving, but ultimately inspiring, this is Natacha's full story; it is both a personal tale of trauma and recovery, and an exposé of the secret world of abuse hidden behind commune walls.

My name is Faith Morgan and I was born into the infamous Children of God cult, or 'The Family' as it came to be known. At age 19 I managed to escape and entered a world in which I had to learn how to live again. Rebel is my story. My teenage diary helps piece the story of my travels in Costa Rica, India, Greece, Mexico, and London together. Of the communes, the 'missions', the friendships and the relationships. And of course, my enduring faith: in Jesus, in the Prophet (cult leader David Berg), and in the inevitability of the coming end times, which I fully believed would arrive. But beyond the brainwashing and mistreatment is the extraordinary story of my family and the adventures of my early life which help me understand what happened and why, so it doesn't happen to others. The spirit of that defiant girl who escaped is still in there somewhere, and through telling my story I wish to look into the eyes of 'evil', with its many faces so I can send it on its way.

"A memoir in essays about so many things—growing up in an abusive cult, coming of age as a lesbian in the military, forced out by homophobia, living on the margins as a working class woman and what it's like to grow into the person you are meant to be. Hough's writing will break your heart." —Roxane Gay Searing and extremely personal essays, shot through with the darkest elements America can manifest, while discovering light and humor in unexpected corners. As an adult, Lauren Hough has had many identities: an airman in the U.S. Air Force, a cable guy, a bouncer at a gay club. As a child, however, she had none. Growing up as a member of the infamous cult The Children of God, Hough had her own self robbed from her. The cult took her all over the globe--to Germany, Japan, Texas, Chile—but it wasn't until she finally left for good that Lauren understood she could have a life beyond "The Family." Along the way, she's loaded up her car and started over, trading one life for the next. She's taken pilgrimages to the sights of her youth, been kept in solitary confinement, dated a lot of women, dabbled in drugs, and eventually found herself as what she always wanted to be: a writer. Here, as she sweeps through the underbelly of America—relying on friends, family, and strangers alike—she begins to excavate a new identity even as her past continues to trail her and color her world, relationships, and perceptions of self. At once razor-sharp, profoundly brave, and often very, very funny, the essays in *Leaving Isn't the Hardest Thing* interrogate our notions of ecstasy, queerness, and what it means to live freely. Each piece is a reckoning: of survival, identity, and how to reclaim one's past when

Bexy was born into the Children of God, one of the world's most notorious cults. She was 9 years old when she experienced her first exorcism, held in a secret commune deep in the British countryside. At 10, she was placed on Silence Restriction, forced to be silent for a whole year. Even from an early age, she knew what was happening was not right. At the age of 15, she escaped, leaving behind her parents and 11 siblings. Haunted by her past, Bexy set off on a road trip across America, embedding herself in the underbelly of religious cults, living with children who, like her, are born into the worlds their parents and cult leaders have created for them. It is a journey of meth cooks, monks, Jesus Freaks, soap-making Armageddonists, surveillance vans and finally, confronting her parents and herself.
