with tips. DATO puts students in the role of technicians employed by "All Tech Automotive." It employs Flash animations, a wide variety of interactive features and live-action video to create a simulated but realistic modern repair facility. Students use available tools and diagnostic equipment, animated instrument panels,

and service information to diagnose and repair vehicles. This is same approach used by manufacturers to train their own technicians that has been adapted to the needs and expectations of student learners. DATO challenges students to solve real problems on real vehicles from Ford, Chevrolet, Chrysler, Toyota, Honda and

In the last few years there has been a great
revival of interest in culture-bound
psychiatric syndromes. A spate of new
papers has been published on well known
