"Generous and epic...takes us through generations of a singular family, whose loves and losses also tell us a story about America itself." —Eliot Schrefer, National Book Award finalist, author of *Endangered Lone Stars* follows the arc of four generations of a Texan family in a changing America. Julian Warner, a father at last, wrestles with a question his husband posed: what will you tell our son about the people you came from, now that they're gone? Finding the answers takes Julian back in time to Eisenhower's immigration border raids, an epistolary love affair during the Vietnam War, crumbling marriages, queer migrations to Cambridge and New York, up to the disorienting polarization of Obama's second term. And in these answers lies a hope: that by uncloseting ourselves—as immigrants, smart women, gay people—we find power in empathy.

From Heather Corinna, founder and director of *Scarleteen.com*, and Isabella Rotman, cartoonist and sex educator, comes a graphic novel guide that covers essential topics for preteens and young teens about their changing bodies and feelings. Join friends Malia, Rico, Max, Sam and Alexis as they talk about all the weird and exciting parts of growing up! This supportive group of friends are guides for some tricky subjects. Using comics, activities and examples, they give encouragement and context for new and confusing feelings and experiences. Inclusive of different kinds of genders, sexualities, and other identities, they talk about important topics like: - Bodies, including puberty, body parts and body image - Sexual and gender identity - Gender roles and stereotypes - Crushes, relationships, and sexual feelings - Boundaries and consent - The media and cultural messages, specifically around bodies and sex - How to be sensitive, kind, accepting, and mature - Where to look for more
