The Accidental Billionaires meets the music streaming business in Free Play, a behind-the-scenes exposé of how Swedish college drop-out Daniel Ek and his financial partner Martin Lorentzon took on the giants of Silicon Valley and the music industry, betting everything on the power of an idea to build the world's largest online source of songs On a San Francisco summer's eve in 2011, after more than a year of delays, Daniel Ek--the whiz kid CEO of Spotify--celebrated the hard-earned US launch of his company. Only fifteen minutes away lay the modest brick house belonging to Steve Jobs, who had worked hard to stop this moment from ever happening. The tech war between the Apple iPhone and Android had raged, and Jobs saw downloaded music, kept within his software, as the key weapon in his holy war against Google. But Spotify had redrawn the battle lines. With humble origins as a Swedish start-up, Ek's platform had catapulted to the top of the music streaming world, using the threat of piracy and illegal downloading to get the notoriously hard-lined music labels to sign with him. But if Ek thought that the fight was won that summer's night, he would soon learn otherwise. Investigative tech journalists Sven Carlsson and Jonas Leijonhufvud deliver an action-packed, revelatory true tale--based on hundreds of interviews and previously untapped sources--about the creation of company that has revolutionized how the world consumes sound.

Originating in India, the Gypsies arrived in Europe around the 14th century, spreading not only across the entirety of the continent but also immigrating to the Americas. The first Gypsy migration included farmworkers, blacksmiths, and mercenary soldiers, as well as musicians, fortune-tellers, and entertainers. At first, they were generally welcome as an interesting diversion to the dull routine of that period. Soon, however, they attracted the antagonism of the governing powers, as they have continually done throughout the following centuries. The second edition of the Historical Dictionary of the Gypsies (Romanies) seeks to end such prejudice by clarifying the facts about this nomadic people. Through a list of acronyms, a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on significant persons, places, events, institutions, and aspects of culture, society, economy, and politics, the history of the Gypsies and their culture is told.

A hilarious and hopeful primer to prevent, combat, and eliminate the suckage in modern marriage by doing it right in the early years, from one of the minds behind the series Sex and the City and the New York Times bestselling authors of He's Just Not That Into You, It's Called a Breakup Because It's Broken, and It's Just a F***ing Date Some marriages start out storybook. Perfect proposal, perfect engagement, perfect wedding, perfect honeymoon, and perfect newlywed years. Greg Behrendt and Amiira Ruotola stumbled right out of the wedding gate. Their choices in the early years, they'll tell you, nearly bought their marriage a one-way ticket to Suckville. The New York Times bestselling authors explore all the adventures of early wedlock, from the moment one of you gets on one knee to the day when sex starts to feel like work instead of play. In this guidebook, Behrendt and Ruotola explore their own marriage and, with gleeful candor, tremendous warmth, sharp humor, and piercing insight, look at what we who have decided to "settle down" hope to get out of our most lasting relationship. We venture through volumes on the engagement, wedding planning, the Big Day, the wedding hangover, the (blissful?) first year, the hard work of marrying two lives, fights, and sex-pectations versus sex-pectreality. The perfect book for those who have just put a ring on it or are thinking of putting a ring on it, Behrendt and Ruotola's work is a brilliant guide for the first stretch of that wild ride we call marriage.

"Fascinating...crisp, evocative writing... The tapestry here is rich and varied."-CLEVELAND PLAIN DEALER Late spring in the year of our Lord 1370, and Owen Archer is anxious to leave Wales for home. His mission for the Duke of Lancaster complete, he attempts to arrange safe passage on a ship sailing for England, but the hanging of a stonemason interrupts his plans. On the surface it appears the young man was driven to suicide by a broken heart, but to Owen the signs all point to murder. As his investigation stretches on, however, Owen finds himself drawn into the influence of the leader of a Welsh rebellion whose manifesto speaks to his heart, and a choice is offered to him: join or die. Meanwhile, at home in York, Owen's wife Lucie is troubled by rumors that her husband's long absence is permanent, as well as threats by a customer who claims she was poisoned by a physic from the Wilton apothecary. Meanwhile, Lucie is tempted by the attentions of a friend's steward, even as she uncovers a shattering betrayal in her own household.

The volume will cover all aspects of Somalia, providing useful information about the country in a comprehensive manner. The book also reflects on the contributions of the Somal sources on history and culture. Arabic sources and other non-English colonial sources of great importance to the subject are also highlighted. A vital addition to reference collections supporting undergraduate and graduate programs on Africa and the Middle East, international relations, and economics_and a useful fact-filled compendium for government and public libraries, NGO's, and other special libraries as well.

Through the pages of the Gospels, we see Jesus model a "show and tell" life and ministry to His followers- He "showed" them how to serve by healing the sick, feeding the hungry, and caring for the poor-and while He was demonstrating compassion, He taught them, "telling" them of God's immense love. This is the way to show God's heart of compassion for the people in our cities and towns, and this is the way to break down barriers so people will listen to the life-changing message of the gospel of grace. In this book, you'll sense Dino's heart, be inspired by his stories and learn from his experiences, as well as many ARC churches that are serving their cities with a Jesus-style no-strings-attached kind of love. This is at the core of who ARC is - a deep passion to see churches thrive as part of the cities they serve.
