The Doctor and Donna travel back in time to India, 1947 - the latest in the bestselling series of Doctor Who novels

It is almost Halloween in the sleepy New England town of Blackwood Falls. Autumn leaves litter lawns and sidewalks, paper skeletons hang in windows, and carved pumpkins leer from stoops and front porches. The Doctor and Martha soon discover that something long-dormant has awoken in the town, and this will be no ordinary Halloween. What is the secret of the ancient chestnut tree and the mysterious book discovered tangled in its roots? What rises from the local churchyard in the dead of night, sealing up the lips of the only witness? And why are the harmless trappings of Halloween suddenly taking on a creepy new life of their own? As nightmarish creatures prowl

One thing is certain: Anji is never going to complain about Monday mornings in the office again. An adventure featuring the Eighth Doctor as played by Paul McGann and his companions Fitz and Anji
