This guidance document is intended to assist pharmaceutical companies with the submission of regulatory information in electronic Common Technical Document format (eCTD) to the National Competent Authorities

Harmonised Technical Guidance for eCTD Submissions in the EU

The electronic Common Technical Document (eCTD) allows for the electronic submission of the Common Technical Document (CTD) from applicant to regulator. While the table of content is consistent with the harmonised CTD, the eCTD also provides a harmonised technical solution to implementing the CTD electronically.

Ectd Digital Handbook Table Of Contents Fdanews

In eCTD the XML backbone replaces the CTD Table of Contents (TOC). This allows management of the meta-data or descriptive information for the entire submission and provides a navigation aid to access all the documents within a submission. The tabs in eCTD are equivalent to folders or files in CTD, for the sub-division of paper dossiers.
