A 14 month motorcycle adventure through Europe, Russia, Asia and South America. Upon completion of university Patrick packed his motorcycle and headed east. Or almost. First there were Visa's to apply for, an apartment to pack up, and then winter to wait out. But once those hurdles were cleared Patrick rode from his city in the South of Germany to meet up with his riding partner in Berlin, and together they began a journey of a lifetime on their BMW motorcycles. Take a seat in a Russian banya, a Mongolian Ger, or a campfire in the deserted pampas. Ride with the author through icy deserts, over dizzying mountain passes, through swamps and endless forests. Experience the driest desert as well as the deepest lake in the world. And more important than the places, meet the people that make a motorcycle trip the most memorable adventure of a lifetime.

"We were learning why so many people never go on their dream trip. Without a set departure date "some day" is so nebulous that despite believing it to be true it never materializes into something real." Patrick & Sherrie met while Patrick was on his first world trip in 2004 with Emma, a BMW R 100 GS Paris-Dakar. Since then they have traveled through Europe, Iceland, Russia, Mongolia and South East Asia together. They quickly learned it is less the skill of the rider that makes the difference, but the ability to plan. This is the volume of their collected stories, arranged by publication date. Included in this volume: Iceland: A Stormy motorcycle Journey. Active volcanoes, glaciers, rivers without bridges and killer sheep - Iceland offers the kind of riding that motorcycle adventure dreams are made of.Riding their two BMW F 650 GS (Betty and Wilma) they fell in love with the island and its stunning scenery. Surviving hospitalization, sand, sunk bikes and perhaps most frightening of all, lack of good affordable food, Iceland stole a piece of both their hearts. Fernweh: A transcontinental Motorcycle Adventure. A 14-month motorcycle adventure through Europe, Russia, Asia and South America. Take a seat in a Russian banya, a Mongolian Ger, or a campfire in the deserted pampas. Ride with the author through icy deserts, over dizzying mountain passes, through swamps and endless forests. Mango: A Thai Rescue Dog Travels The World. Most people bring back a souvenir or two. Patrick & Sherrie brought back a dog. While on the South East Asia portion of their world trip Patrick and Sherrie saw all kinds of creatures being carted around on little motorcycles. When they met Mango on the island of Koh Tao they decided to follow suit and took him along for the ride. Keep the Shiny Side Up: A Motorcycle Adventure From Germany To Turkey & Back Again. Sherrie's first trip riding solo. Keep The Shiny Side Up is an intimate account of why someone with a week old motorcycle license would jump on their bike and ride away. (Hint: It helps if staying means your homeless.) And as Sherrie was to find out, self-awareness is where the real zen of motorcycle travel occurs.

"Ten suitcases, five carry-ons, one bike box and a family of five leave the comfortable suburbs of America and journey to a small town on the North Island of New Zealand ... Read about the history that formed these two islands. Learn about the Maori and their traditions that are still alive. Adventure with the kids, cry with the mom, dance with the dad and fall in love with the country"--Back cover.

"Self-awareness is where the real zen of motorcycle riding occurs." Sherrie and Patrick were no strangers to overland motorcycle travel. They met in South Korea during Patrick's first trip around the world on his motorcycle. After joining him in Argentina to ride pillion Sherrie was hooked - both on Patrick and motorcycle travel. And so a dream was born - she too would get her motorcycle license and the next trip would have them each riding their own bike. She packed up and moved to Germany and they began to plan and plot. Only when it became apparent that saving for an around the world trip would take longer than either were willing to wait, they switched plans and decided to ride from Germany to Turkey and back via the Balkans. This is the story of their 3-month trip which included Austria, Hungary, Romania, Bulgaria, Turkey, Greece, Montenegro, Bosnia and Herzegovina and Slovenia. From the majesty of Mt. Nemrut to the amazing and open people they met along the way, Sherrie writes candidly about the ups, downs and pure bliss that is motorcycle travel. Food, mountain top crashes, and horny deer are all just part of this trip. Her first trip riding solo, it is an intimate account of why someone with a week old motorcycle license would jump on their bike and ride away. (Hint: It helps if staying means your homeless.) The Happiness Project meets The Motorcycle Diaries, the book is for anyone who dreams of packing it in and riding off into the sunset - or for anyone who just likes to read about it.

The popular actors recount their three-month, 20,000-mile motorbike journey from London to New York through three continents and some of the harshest terrain on Earth.

Eighteen countries. Five shock absorbers. Two bikers. One amazing adventure... After their fantastic trip round the world in 2004, fellow actors and bike fanatics Ewan McGregor and Charley Boorman couldn't shake the travel bug. Inspired by their UNICEF visits to Africa, they knew they had to go back and experience this extraordinary continent in more depth. And so they set off on their 15,000-mile journey with two new BMWs loaded up for the trip. Their route took them from John O'Groats at the northernmost tip of Scotland to Cape Agulhas on the southernmost tip of South Africa. Along the way they rode some of the toughest terrain in the world -- and met some of the friendliest people. They rode their bikes right up to the pyramids in Egypt and visited Luke Skywalker's house in Tunisia. They met people who had triumphed over terrifying experiences -- former childhood soldiers in Uganda and children living amidst the minefields of Ethiopia. They had a close encounter with a family of gorillas in Rwanda and were nearly trampled by a herd of elephants in Botswana. Riding through spectacular scenery, often in extreme temperatures, Ewan and Charley faced their hardest challenges yet. With their trademark humor and honesty they tell their story -- the drama, the dangers and sheer exhilaration of riding together again, through a continent filled with magic and wonder.

Trans Life Survivors powerfully portrays the human toll inflicted by so-called "gender experts" who push gender transition on people who don't need it. Traces the development of ideas of Nuremberg as cultural and spiritual capital, thus offering a coherent view of German cultural and intellectual history.

Active volcanoes, glaciers, rivers without bridges and killer sheep - Iceland offers the kind of riding that motorcycle adventure dreams are made of. Ignoring the lack of off road skills in one half of the partnership, Patrick and Sherrie set off on a 6 week journey from Germany to Iceland and back in the summer of 2010. Includes 8 maps and 21 color pictures.
