Chemistry: Matter and Change is a comprehensive chemistry course of study designed for a first-year high school chemistry curriculum. The program incorporates features for strong math support and problem-solving development. The content has been reviewed for accuracy and significant enhancements have been made to provide a variety of interactive student- and teacher-driven technology support. - Publisher.

Study Guide and Reinforcement Worksheets allow for differentiated instruction through a wide range of question formats. There are worksheets and study tools for each section of the text that help teachers track students' progress toward understanding concepts. Guided Reading Activities help students identify and comprehend the important information in each chapter.

Containing 52 tested and verified chemistry lab experiments, Laboratory Manual follows the chapter sequence and reinforces the concepts taught in Glencoe Chemistry: Matter and Change, but can be used with any chemistry text. Students record data and conclusions directly on lab worksheets; safety, chemical storage, and disposal guidelines are included.
