The God of Religion and the God of Philosophy
Concepts of God in philosophy are entwined with concepts of God in religion. This is most obvious in figures like Augustine and Aquinas, who sought to bring more rigor and consistency to concepts found in religion. Others, like Leibniz and Hegel, interacted constructively and deeply with religious concepts.

This is a powerful and a thrilling narrative history revealing the roots of modern science in the medieval world. The adjective 'medieval' has become a synonym for brutality and uncivilized behavior. Yet without the work of medieval scholars there could have been no Galileo, no Newton and no Scientific Revolution. In "God's Philosophers", James Hannam debunks many of the myths about the Middle Ages, showing that medieval people did not think the earth is flat, nor did Columbus 'prove' that it is a sphere; the Inquisition
