Ideas, resources, and a list of childrens' books that can be used to implement guided reading.

In this second edition of *Improving Student Learning One Teacher at a Time*, Jane E. Pollock and Laura J. Tolone combine updated research and real-world stories to demonstrate how it takes only one teacher to make a difference in student performance. Their approach expands the classic three-part curriculum-instruction-assessment framework by adding one key ingredient: feedback. This "Big Four" approach offers an easy-to-follow process that helps teachers build better curriculum documents with * Curriculum standards that are clear and well-paced, and describe what students will learn. * Instruction based in research, from daily lessons to whole units of study. * Assessment that maximizes feedback and requires critical and creative thinking. * Feedback that tracks and reports individual student progress by standards. Pollock and Tolone demonstrate how consistent, timely feedback from multiple sources can help students monitor their own understanding and help teachers align assignments, quizzes, and tests more explicitly to the standards. The Big Four shifts the focus away from the basics of what makes a good teacher toward what makes good learning happen for every student every day.

Strategies for making the schools we need that work for all kids Eva Moskowitz (the founder and CEO of the Success Charter Network in Harlem) and Arin Lavinia offer practical, classroom-tested ideas for dramatically improving teaching and learning. Moskowitz and Lavinia reveal how a charter school in the middle of Harlem, enrolling neighborhood children selected at random, emerged as one of the top schools in New York City and State within three years. The results of the Harlem school were on a par with public schools for gifted students and elite private schools. Describes what can be accomplished when students and adults all work to focus on constant learning and performance improvement; DVD clips can be accessed using a special link included in the book. The Success Academies have been featured in two popular and widely distributed documentaries, *Waiting for Superman* and *The Lottery* Details the Success Academies' THINK Literacy curriculum, which produces dramatic results in student's reading and writing skills in addition to providing strategies and lessons for school leaders and teachers, *Secrets of the Success Academies* also serves as a guide for parents, policymakers, and practitioners who are passionate about closing the academic achievement gap.

This highly regarded book is a must-have resource for all graduate level students and prospective school leaders enrolled in courses in instructional supervision. It is also a valuable guide for anyone currently in a leadership position with responsibility for supervising student teachers. Dr. Zepeda provides both practical tools and strategies needed for classroom observations and pre- and post-observation conferences, laying a strong foundation for effective instructional supervision in preK-12 schools. The updated third edition includes... research-supported strategies to help supervisors work successfully with teachers, authentic case studies, classroom examples, and field experiences, in-depth coverage of professional development and its link to teacher evaluation, reflection prompts, pragmatic tips, self-assessments, and suggested activities

First published in 2007. Routledge is an imprint of Taylor & Francis, an informa company.

Students analyze three children's books using key skills from the Common Core. Close reading of the text is required to answer text-dependent questions. Included are student pages with the text-dependent questions as well as suggested answers.

Develop geographic literacy with the only high school geography text co-authored by the National Geographic. Help your students make the connection between geography and history, as well as geography and current events.
