After a sea operation gone wrong, Navy SEAL Rita Sawyer awakens to find herself still clad in her wetsuit and in a cage with a bunch of Vikings staring at her, including one very tempting warlord. Steven of Norstead has been in a cold, dark mood for many weeks. But perhaps this unusual woman, with her sharp tongue and irksome ways, could be the one to light his fire.

After she is captured by Viking raiders, twenty-five-year-old Mairead is left with no choice but to depend on Gunnar Freysson, the battle-hardened leader of the Norsemen, to protect her and her young children. Though he makes it clear that she is his property to do with as he pleases, Gunnar shows remarkable concern for Mairead's wellbeing, and when she risks her life in a dangerous attempt at escape he does not hesitate to strip her bare and spank her soundly. The strict punishment leaves Mairead thoroughly ashamed yet helplessly aroused, and when Gunnar takes her in his arms and claims her properly she cannot deny her body's response to his dominant lovemaking. As the days pass, Mairead realizes that Gunnar cares for her deeply, and despite her situation she finds herself falling in love with the stern, handsome warrior. But can she truly give her heart to the man who took her from her home? Publisher's Note: Her Dark Viking is a stand-alone sequel to Her Rogue Viking. It includes spankings and sexual scenes. If such material offends you, please don't buy this book.

A heart-swelling debut for fans of *The Silver Linings Playbook* and *The Curious Incident of the Dog in the Night-Time*. Sometimes life isn't as simple as heroes and villains. For Zelda, a twenty-one-year-old Viking enthusiast who lives with her older brother, Gert, life is best lived with some basic rules: 1. A smile means "thank you

for doing something small that I liked.” 2. Fist bumps and dabs = respect. 3. Strange people are not appreciated in her home. 4. Tomatoes must go in the middle of the sandwich and not get the bread wet. 5. Sometimes the most important things don't fit on lists. But when Zelda finds out that Gert has resorted to some questionable—and dangerous—methods to make enough money to keep them afloat, Zelda decides to launch her own quest. Her mission: to be legendary. It isn't long before Zelda finds herself in a battle that tests the reach of her heroism, her love for her brother, and the depth of her Viking strength. When *We Were Vikings* is an uplifting debut about an unlikely heroine whose journey will leave you wanting to embark on a quest of your own, because after all... We are all legends of our own making.
