Karnataka is a state in southwestern India. The capital is Bengaluru, which is home to many international companies. The Karnataka government observe about 22 public holidays each year. Many private companies will observe the major holidays and a selection of the other holidays, to give employees a total of about 13 holidays.

Global Secularisms addresses the state of and prospects for secularism globally. Drawing from multiple fields, it brings together theoretical discussion and empirical case studies that illustrate "on-the-ground," extant secularisms as they interact with various religious, political, social, and economic contexts. Its point of departure is the fact that secularism is plural and that various secularisms have developed in various contexts and from various traditions around the world. Secularism takes on different social meanings and political valences wherever it is expressed. The essays collected here provide numerous points of contact between empirical case studies and theoretical reflection. This multiplicity informs and challenges the conceptual theorization of secularism as a universal doctrine. Analyses of different regions enrich our understanding of the meanings of secularism, providing comparative range to our notions of secularity. Theoretical treatments help to inform our understanding of secularism in context, enabling readers to discern what is at stake in the various regional expressions of secularity globally. While the bulk of the essays are case-based research, the current thinking of leading theorists and scholars is also included.

The purpose of this edited collection is to analyse the cultural aspects of Indian organizations. As the world's largest and most diverse democracy, Indian society can be best described as an amalgam of multiple cultures, value systems, socio-political and institutional orientations. This book offers a theoretical and empirical basis for understanding the evolving and changing nature of these aspects in Indian organizations. The World Bank predicts that in the near future India will become the world's second largest economy. The recent high growth rates reported by businesses in the Indian economy needs to be sustainable, especially amidst its high cultural diversity. Whilst there is tremendous interest in understanding the intricacies of Indian culture and a growing literature focusing on topics such as India-specific management and internationalization strategies of Indian firms, the cultural aspects of Indian businesses have been largely ignored. This book aims to fill this gap. It covers various topics in organizational culture and management such as human resource management, cross-cultural communication and coaching, cultural similarity, cultural literacy, multiculturalism, generational cultural values, talent acquisition and knowledge management. It also features case studies from high growth sectors such as the IT and health industries. Presenting contributions from local Indian and international researchers, this book provides a multidimensional perspective that will appeal to students, scholars and practitioners interested in organizational culture and management in India.

This book is about promising collaborative avenues for connecting Finland and India with value propositions for enterprises, consumers and investors worldwide. The book covers institutional and cultural differences and explains the logic of business systems, entry modes, and managerial styles in both countries. It draws on experience of successes and also failures to know what should be done differently. It would also interest policymakers that India's challenges of planting economic orchards in patches of social desert and Finland's struggle to preserve a social paradise against pulls and pressures of economic graveyards in Europe are both solvable with attention to complementarities and synergies. "From his long and rich experience of working with Finnish and Indian companies and passionate research at IIM Ahmedabad in India, and Aalto University and University of Tampere in Finland, Professor Mathur has a very deep knowledge of how to do business in both countries. Every company leader who considers starting Finnish-Indian business should read this new book. This valuable book will help companies entering new markets to flourish by building robust sustainable business relations." - Päivi Leiwo, Chairperson Oilon Oy, Lahti, Finland "This book is a treasure trove of knowledge explaining the business opportunities, policies, cultures, institutions, country trajectories and nuances pertaining to Finland and India. The author has worked in business, government and academia in India and abroad. He has also had a long association with Finland and is able to bring you an insider's perspective of both countries" - Ambassador Ashok Sharma "The author's deep insider experience in the two countries enables him make very sharp observations on both sides. This book will definitely help in understanding the cultural differences and making interactions and communications smoother. " - Iiro Rossi, Managing Director, Holiday Club Resorts, Helsinki "This book is a delightful and important guide for those who want to do business between Finland and India. It brings you the numerous business opportunities which wait to be availed, and highlights the deep understanding of the author of the culture and institutional environment of both countries. Read this book, learn and be surprised!" - Niina Nummela, Vice Dean, Professor of International Business, Turku School of Economics, University of Turku, Finland "This book is a reflection of Ajeet's penchant for deep research and ability to structure and articulate content. This book will be extremely helpful to those who want to develop Indo-Finnish business relations specifically and international business in general. Sonata is currently engaged with business in Finland" - Srikar Reddy, Managing Director, Sonata Software Limited, Bangalore

Everybody who is interested in working in India now has a resource to their make life easier. Knowledge Must's new guide book 'Work in India' is an in-depth resource featuring authoritative information on all important aspects of working as a foreigner in India. In this time of increasingly competitive labour markets, people all around the world look for challenging job opportunities beyond their home countries. India has emerged as one of the cultural and economic hotspots of the 21st century, and has developed into a major competence centre in fields as varied as IT, engineering, and the entertainment industry. "I have a good French diploma," says political science student Barbara Vassou, "but still, it is not easy to find a suitable job for me in France and I don't want to live in a 15 square metre box in Paris anymore after six years of hard studies. In India, as a young professional, my life is much more comfortable and more exciting, too. All the information I need about how to organise my life in India is covered in this guide!" Knowledge Must invites everybody to take a chance to experience one of the most captivating societies in our globalising world and witness one of the oldest, and at the same time most forward-looking, cultures. "In India you can find lots of employment opportunities in fields as varied as IT, media, and development work. However, you need to be prepared to immerse yourself in the complex Indian culture to ensure your personal and professional satisfaction", states author Daniel Ratheiser. Life for foreigners joining the Indian labour market will be so much easier once they figured out the Indian cultural environment. In addition to answering the most pressing questions, the guide features valuable insights ranging from logistics such as visa procedures and accommodation arrangements to cultural background information and inspiration for how to spend one's leisure time. This publication guides readers to a deeply satisfying experience when coming to India for work.

This book is about basic issues that define our countryÕs course of development. In a diverse cross-section of topics, the author discusses in his inimitable style the fundamental flaws that have beset the nation's inexorable march to progress and prosperity. He also elaborates how a shift in the positions of individual members of society on different issues could cause a qualitative difference in the course of events and thereby lead to a better tomorrow. The articles compiled in this book have already appeared in the social media on the authorÕs writing platform (drsunilgupta.com) and won wide acclaim. Endowed with the right balance of insight and prowess owing to the extensive exposure and rich experience gained in his professional capacity in the corporate, economic and social sectors, the author has been able to do justice to the task at hand. Not written with any particular section or group of persons in mind, the bookÕs aim is to pique the interest, curiosity and conscience of the individual reader and thereby motivate him to think, and then inspire him to act for the inclusive and sustainable development of our nation. Being an inalienable and intricate part of the society, it is the individualÕs thought pattern that will make all the difference in the final shaping of our countryÕs destiny. And that, dear reader, is the undercurrent of the brook of the authorÕs thoughts that this book tries to encapsulate.

Includes articles on international business opportunities.

The guide to India is a useful handbook to an extraordinary country. The introductory colour section includes photography of the country's many highlights in the 42 Things Not To Miss section, from boating on the backwaters of Kerala to taking in a cricket match at the Oval Maiden in Mumbai. It provides comprehensive accounts of every attraction from the vibrant cities and elaborate temples to Himalayan peaks and palm-fringed beaches. There is also practical advice on activities as diverse as camel trekking in the Rajasthan desert, rafting on the Indus and hiking through the lunar landscapes of Ladakh. The listings sections provide hundreds of insider reviews of the best hotels, hostels, restaurants, bars, shops and museums in every city and village. The authors also give an informed insight into India's history, politics, religion, music and cinema, providing a valuable context to the reader's trip.

The Indian Listener (fortnightly programme journal of AIR in English) published by The Indian State Broadcasting Service,Bombay ,started on 22 December, 1935 and was the successor to the Indian Radio Times in english, which was published beginning in July 16 of 1927. From 22 August ,1937 onwards, it was published by All India Radio,New Delhi.From July 3 ,1949,it was turned into a weekly journal. Later,The Indian listener became "Akashvani" in January 5, 1958. It was made a fortnightly again on July 1,1983. It used to serve the listener as a bradshaw of broadcasting ,and give listener the useful information in an interesting manner about programmes,who writes them,take part in them and produce them along with photographs of performing artists. It also contains the information of major changes in the policy and service of the organisation.
