Wm. E. Welmers surveys a wide range of structural characteristics, both phonological and grammatical, of the languages of sub-Saharan Africa. Drawing on thirty years of experience in the analysis and teaching of African languages, and on work done on some seventy spoken languages, Welmers has organized the volume by linguistic topic. Thus there are extensive discussions of tonal systems in languages from all over sub-Saharan Africa, of noun classes and concord in the Bantu and other Niger-Kordofanian languages, and of the varieties of verbal constructions found in representative languages. African Language Structures emphasizes the organization of language data rather than the technicalities of theoretical linguistics. The material is presented in such a way that students working on the analysis of other languages can be guided in their procedures; Welmers suggests not only what types of structures may be expected, but also how they may be discovered and described. This work is unique in the depth of its linguistic insight over the entire spectrum of language structure and in the breadth of its language coverage. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1973.

Compassion and caring are at the very heart of nursing | possibly that's why you were attracted to the nursing profession in the first place. But what does compassionate caring really mean in nursing practice? Compassion, Caring and Communication: Skills for Nursing Practice is a practical book that guides you through the complex dimensions of caring. It considers the ways in which you connect with patients, families and co-workers, and the long-lasting impact of emotions and feelings. Using real-life narratives, case studies and reflection activities, the authors demonstrate how you can develop and maintain the empathy and communication skills you need to create effective, compassionate and caring partnerships. New to the second edition: Comprehensively updated throughout to reflect and highlight current professional pressures and public concerns around nursing practice. Includes a broader range of relevant case studies, discussions and scenarios to engage students and qualified nurses at all levels. Contains new content about the impacts of recent government reports and policies on nursing care, developing an awareness of contemporary issues and debates. The BOND caring framework has been revised and updated alongside new icaring indicatorsi. To support the development of compassionate caring skills. All references have been updated using the latest sources and evidence-based studies.

by Andrew Shanks, Martynn Randall This updated edition covers a representative selection of the most popular lawnmowers from current models to those bought up to ten years ago. It presents the dismantling, overhaul and re-assembly of each popular engine in a logical sequence with step-by-step photos. Each engine overhaul is accompanied by a table listing all the lawnmowers in which the engine is used. There is also information on preventative maintenance, detailed coverage on buying a mower and safety procedures.

This short book is for students, professors and professionals interested in signal processing of seismic data using MATLAB . The step-by-step demo of the full reflection seismic data processing workflow using a complete real seismic data set places itself as a very useful feature of the book. This is especially true when students are performing their projects, and when professors and researchers are testing their new developed algorithms in MATLAB for processing seismic data. The book provides the basic seismic and signal processing theory required for each chapter and shows how to process the data from raw field records to a final image of the subsurface all using MATLAB . Table of Contents: Seismic Data Processing: A Quick Overview / Examination of A Real Seismic Data Set / Quality Control of Real Seismic Data / Seismic Noise Attenuation / Seismic Deconvolution / Carrying the Processing Forward / Static Corrections / Seismic Migration / Concluding Remarks\*

The Billionaire's Son - The Series The Billionaire's Son is an erotic romance series packed with intrigue, danger, secrets, powerful billionaires, clandestine sex clubs and sizzling sex scenes. The heroine, Julia, has nothing but disdain for the impossibly sexy, Derek, when they first meet. He's an arrogant, spoiled playboy who seems to catch Julia at every turn in humiliating and compromising situations. As the mystery unfolds, Julia and Derek are thrown together and sparks fly. Ultimately, they not only find the answers they are searching for, but much more than they ever expected. The Billionaire's Son - Part 1 At the request of Jackson Vaughn himself, Julia has been working at the billionaire's estate for weeks. In all the time she's been there, she has never run into a single soul besides staff. One day, after showering off at the poolside cabana, Julia discovers her clothes missing. Her timing couldn't be worse, because today there's a special visitor. The Billionaire's Son is a ~7,000 word erotic romance which contains explicit depictions of sexual acts including voyeurism, masturbation, threesome, light bdsm, spanking and much more. This story is intended for an adult audience only! keywords:Free,free book,free ebook,free new erotic books,free new erotic romance,erotic books free short stories,erotic books free novel,erotic short stories,erotic books free,free billionaire romance,free romance billionaire,romance books free,free romantic suspense books,romatic suspense free,romantic suspense books free,romance books free,romance novels free,romance freebie,free romance,new adult romance free,erotic romance free,free erotica

The Tarascon Clinical Neurology Pocketbook brings neurologists, internists, primary care physicians and residents the most convenient and comprehensive pocket reference available today. With The Everything Guide to Selling Arts & Crafts Online, your online business can be up and running in no time!

!Prince Roger sets out eagerly on a quest and finds a few adventures, a lot of friends, a damsel or two in distress (not!) and himself, in the end. A icarrier of joy! whose mere presence causes everyone to laugh uncontrollably, Roger finds cruelty and kindness equally amusing, and expects his quest to be a lark. It's anything but: As Roger passes through the Forever Forest, nearly starves at the Dastardly Divide, sees people at their worst in the Valley of Vengeance, and temporarily despairs in the Mountains of Malice, he sobers up, learns to care for others, becomes an expert peacemaker, does Good Deeds, and falls in love with Lady Sadie, who says what she thinks as she repeatedly saves his bacon.!!K. !Feiffer's worldly-wise, confiding tone and sense of the absurd are highly congenial, and the drawings are a vintage Feiffer delight.!!Publishers Weekly. 100 Books for Reading and Sharing 1995 (NY Public Library)

While dealing with the mysterious disappearance of a bartender and the arrival of a necromancer, Menolly, an acrobat-extraordinaire-turned-vampire, must stop the chaos unleashed by a secret society bent on winning the Shadow Wing's favor and devouring her sister Delilah's soul. Original.

In the Iranian Desert, two Russian soldiers are murdered after delivering a package to a shadowy figure. In Washington D. C., a high level government official sets in a plan motion what could bring about a terrorist attack worse than 9/11. And in Dubai, a CIA asset is killed in apparent terrorist attack after meeting with CIA Agent and former Army Special Forces operative Michael Johnson. Now back in the US, Michael Johnson and Kathleen Henderson must now work to prevent the attack despite deceit, treason, and accusations of murdered. As they get closer, they call on an old friend of Michael's to help prevent the attack. The question is can they do it in time.
