This text examines the politics of culture and the culture of politics in Pacific Asia through case studies on the South Pacific, China, South Korea, Thailand and Southeast Asia. The contexts and cultures of the chapters are wide-ranging and Callahan skilfully ties them together with the objective of analyzing the relation between the state's cultural governance and resistance to it. The themes covered include: governmentality and cultural production popular culture and resistance East/West relations gender, identity and democracy civil society, social movements and democracy national and transnational identity production. Cultural Governance and Resistance in Pacific Asia addresses the dynamics between Asian studies and cultural studies, and the overlap between comparative politics and international relations, and as such will appeal to students and scholars of Asian studies, cultural studies, comparative politics, sociology and anthropology alike.

A tribute to more than one hundred of the world's most visually extraordinary golf courses features panoramic photography and offers insight into their creators' uses of nature and course design, in a volume that includes coverage of such locations as St. Andrew's Old Course, Leopard Creek, and Pirate's Plank.

Part of the successful Routledge ‘Working in Asia’ series, The Changing Face of Korean Management focuses on a country that is predicted by some experts to become the world’s third richest by 2025. South Korea, with its thriving telecommunications and automotive industries, and increasing trade links with China, survived the 1997 Asian Economic Crisis better than most. This important textbook explores the key areas of management in this pivotal country in the region, including: Human Resource Management Marketing Operations Finance Strategy Overseas affiliates Small firms and entrepreneurship Women Including case studies and interviews with front-line Korean managers to enable a real ‘voice’ to emerge, and written by native academics, this is a complete analysis of the current state of management structures in South Korea. It is important reading for all students of business and management interested in Asia.

Carry with you the message that you’ll never walk alone. Powerful truth and beautiful design.

The seminal, uncollected essays—lauded as “dazzling” (The New York Times Book Review)—by the late Christopher Hitchens, author of the #1 New York Times bestseller God Is Not Great, showcase the notorious contrarian’s genius for rhetoric and his sharp rebukes to tyrants and the ill-informed everywhere. For more than forty years, Christopher Hitchens delivered essays to numerous publications on both sides of the Atlantic that were astonishingly wide-ranging and provocative. His death in December 2011 from esophageal cancer prematurely silenced a voice that was among the most admired of contemporary voices—writers, readers,

pundits and critics the world over mourned his loss. At the time of his death, Hitchens left nearly 250,000 words of essays not yet published in book form. “Another great book of essays from a writer who we wish were still alive to produce more copy” (National Review), And Yet... ranges from the literary to the political and is a banquet of entertaining and instructive delights, including essays on Orwell, Lermontov, Chesterton, Fleming, Naipaul, Rushdie, Orhan Pamuk, and Dickens, among others, as well as his laugh-out-loud self-mocking “makeover.” The range and quality of Hitchens’s essays transcend the particular occasions for which they were originally written, yielding “a bounty of famous scalps, thunder-blasted targets, and a few love letters from the notorious provocateur-in-chief’s erudite and scathing assessments of American culture” (Vanity Fair). Often prescient, always pugnacious, formidably learned, Hitchens was a polemicist for the ages. With this posthumous volume, he remains, “America’s foremost rhetorical pugilist” (The Village Voice).

This blank lined journal is a perfect multi-purpose notebook. Makes an excellent gift idea for birthdays, Christmas or any special occasion (and Rugby Lovers). Perfectly sized at 6" x 9" 120 page Softcover bookbinding Flexible Paperback

Nearing the end of a distinguished literary career that spanned nearly fifty years, Langston Hughes took on the daunting task of writing the official history of the national Association for the Advancement of Colored People (NAACP). Beginning with the social, political, and economic contexts that led to the founding of the NAACP in 1909 and ending with a summary of its targeted goals for 1963, Hughes attempted to write a history that would be comprehensive in scope and singular in its purpose of highlighting the ways in which the Association had a direct and positive influence on racial justice in the United States. Focusing on the individuals who had the greatest impact on the NAACP and the issues with which the organization was most concerned in its first fifty years of existence, Hughes produced the widely acclaimed Fight for Freedom, striking an exceptional balance between biography and cultural history. Long before the publication of Fight for Freedom, Hughes had begun writing nonfictional prose about these same issues as a regular columnist and essayist for the nation's most influential African American publications, including the Chicago Defender and Crisis. A selection of these popular columns and other essays—which reveal the extent to which Hughes's unique, varied, and sometimes Blues-tinged narrative voice shifted in tone over the course of his extensive career—is included in this volume. Hughes intersperses historical facts with compelling anecdotes that often frame subtly ironic commentaries on various themes. The result is history that provides a lens through which to view Hughes's attitudes in the early 1960s toward the ways the NAACP addressed the vital social, cultural, political, and economic issues central to its agenda. Fight for Freedom and Other Writings on Civil Rights makes a unique contribution to the oeuvre of an African American writer whose full significance to American literature, history, and culture will continue to be defined well into the twenty-first century.

"Fairies Afield" by Mrs. Molesworth. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.
