There is a need to understand the Italian welfare state, but as yet it has received little academic research attention. The Italian Welfare State in a European Perspective is the first book to explore the evolution of Italy's welfare state in the decades since the ' Trente Glorieuses ' (1945 – 75). It offers a rare overview and analysis of the Italian situation based on an in-depth study of the main social policy fields (including education, higher education and taxation policies), a detailed analysis of the connection between policies and their outputs/outcomes and a comparative perspective framing the Italian case within the European context. This is the first English-language book to take a comparative look at the Italian welfare state as a whole since the 2008 economic crisis. It will be a valuable resource for academics and researchers, as well as students.

Side by Side Edition - English/Italian This is a side-by-side translation; it loses punch on the literary side for obvious reasons, but it will surely please the reader or student who wants to improve his/her Italian. There are times when the writer must lower his ego. Don't forget the audiobook; the program will not be complete without listening. Versione Ampliata per studenti d'Inglese o d'Italiano in cerca di arricchire il proprio vocabolario. Who can benefit from this program? You are English-speaking, you're not fluent or simply just starting out and you wish to understand Italian. You speak Italian, you do not speak English but you want to increase your English vocabulary. Please read the author's notes included in each volume. Ciao. SYNOPSIS The Bolivian authorities wanted to cut his head off and send it to Cuba to verify his identity, or just to send a message; after an exhaustive debate, they amputated his hands at the wrist instead and shipped them in a very special container to La Paz, Bolivia; his body was injected with a heavy dose of formalin for preservation, it lay on the autopsy room which was no valhalla; just a squalid room of a school with a military-type stretcher next to a stone sink, perhaps a laundry tub. On October 12th the package arrives and the inspectors of the Argentinian police compare the fingerprints with the ones smudged on Guevara's journals – they match. The hands of the comandante suddenly disappeared and Fidel Castro wants answers; he actually does not believe that his compa ero is dead; the truth was kept secret for over forty years, because the three Argentinian were not authorized to speak. Immediately after the autopsy, the pictures of the cadaver riddled with bullets are published by every newspaper around the globe; the eyes of the comandante are wide open, as they are fixating the sky, his expression is dramatic, his body is staturary, he doesn't look dead at all, just deep in his thoughts, contemplating his next revolution.

This title is endorsed by Cambridge Assessment International Education to support the full syllabus for examination from 2021. Strengthen language skills and cultural awareness with a differentiated approach that offers comprehensive coverage of the revised Cambridge IGCSE Italian (0535/7164) syllabuses for first examination from 2021. - Develop the cultural awareness at the heart of the syllabus with engaging stimulus material and questions from around the world which will encourage a positive attitude towards other cultures - Progress the ability to use the language effectively with activities developing all four key skills, supported by teacher notes and answers in the teacher guide - Stretch and challenge students to achieve their best, whilst supporting all abilities with differentiated content throughout - Ensure the progression required for further study at A-level or equivalent - Help to prepare for the examination with exam-style questions Audio is available via the Student eTextbook or the Online Teacher Guide.
