Over the years, A huge amount of tax litigation has arisen due to Indiscriminate filing of appeals by both taxpayers as well as the Department. The amount of revenue locked up in such appeals is to the tune of Rs. 9.32 lakh crores, which in itself can match the collections of an entire year. Such staggering pendency of appeals not only just deprives government of valuable resources but also leads to clogging of judicial system. In this background, the Vivad se Vishwas Scheme assumes huge significance as it will free up revenue for government and Moreover taxpayers will be able to use their time, energy and resources for business activities. This book is an attempt to decipher the nitty-gritty of direct tax Vivad se Vishwas Scheme launched by the government of India. It aims to unravel the various provisions of the said Scheme so that all the stakeholder are able to extract the maximum out of this landmark step by Govt of India. The book also seeks to answer various queries and doubts so as to aid in its implementation. This book can prove to be handy guide to revenue officials who are at the cutting edge of implementation of this Scheme. Moreover businessmen can rely on this

the late 1980s, it has gradually taken hold worldwide and evolved along several dimensions with important characteristics. This book, the first exclusively dedicated to the global APA regime, provides a comprehensive, in-depth discussion of the APA concepts and procedures in twenty-five jurisdictions across Europe, Asia, Asia Pacific, North America, South America and Africa, noting the particular genesis, features, and progress made under each programme. The analysis covers such elements as the following: the types of APAs and their characteristics; the main steps involved in an APA process; key advantages of APA programme and comparative study of the APA as a preferred dispute prevention mechanism over other dispute resolution mechanisms; key issues observed and in practice by various APA authorities worldwide inter alia involving, cost base of captive entities, resolution of transfer pricing issues involving intangibles, location savings, joint site visits, attribution of profits to PEs, APAs for small businesses, abbreviated procedure for renewal of APAs, significance of economic nexus prior to the grant of APAs and other relevant issues; exchange of APA rulings equip tax authorities to quickly identify risk areas so as to curb Base Erosion and Profits Shifting (BEPS), which augurs well for the APA programme and is another milestone in its evolution process; APAs provide jurisdictions with an excellent platform to fostering a non-adversarial tax regime. The author includes an extended case study of India ' s APA programme, highlighting some of its conspicuous elements with equal focus on certain special characteristics of APAs in Australia, Canada, France, Germany, Ireland, Korea, The Netherlands, Poland, UK and the United States. Factors influencing speedier processing and suggestions on further improvement of APA programmes are also included. Numerous tables and figures illustrate all aspects associated with APAs. With more economies opening up and
