*In an age of continued Middle East volatility, religious extremists, and terrorist threats, the mere mention of Islam and Muslims too often provokes misunderstanding and even rancor. Often overlooked are the important links between the Qur'an and the Bible. Also ignored are the significant historical overlap between Islamic interpretation of history with those of Christianity and Judaism, including the monotheistic belief in a single God. Islam is too often confusing and even opaque to those unfamiliar with it. The Handy Islam Answer Book, is clearly and eloquently written by John Renard, Ph.D., a scholar of Islam with more than 40 years of research and teaching experience. He provides detailed descriptions of the history, beliefs, symbols, rituals, observations, customs, leaders, and organization of the world's second largest religion. Renard explains the significance of the Five Pillars, Muhammad, various sects, the Qur'an, Islamic law, and much more. This engaging primer is a resource for reliable information about Islam and Muslims and it brings an understanding of the shared humanity that joins Muslims and non-Muslims far more deeply than cultural or religious differences separate them. Truly a must-have reference for our changing and trying times, this user-friendly guide answers nearly 800 questions and offers fun facts that cover Islamic history, religious practices, and Muslim cultural perspectives, including ... – When did Islam begin? • Why is Mecca a holy city for Muslims? • Do Muslims worship Muhammad? • What was the fate of Medieval Christian pilgrims to the Holy Land? • What do Muslims mean by the term "Allah"? • What does the crescent moon and star symbol mean to Muslims? • What is the Muslim "call to prayer"? Is it similar to "church bells"? • Do Muslims believe that God "tests" people? • Does Muhammad play a role in Islamic spirituality in a manner similar to Jesus' role in Christianity? • Is jihad a legal concept for Muslims? • Is it true that Muhammad both preached and engaged in military campaigns? • Do Muslims, Christians, and Jews worship the "same God"? • Why do Jews, Christians, and Muslims all claim parts of Israel/Palestine as "Holy Land"? • Why do some people, such as the Taliban, not want girls to get an education? • Does Islam require wearing face veils? • Does Islam have theologians like Augustine and Thomas Aquinas and the other great Christian thinkers? • Is there any similarity between Muslim and Christian art? Muslims are diverse, and they have a vast spectrum of views about Islam. The Handy Islam Answer Book aims for understanding, which is the first step to uniting, instead of dividing. This helpful books provides a historic timeline, a glossary of commonly used terms, a genealogy from Adam to Muhammad and beyond, a calendar of major observances, and a bibliography help further exploration of one of the world's great religions.*

*What is so unique about Islam's scripture, the Quran? Who wrote it, and when? Can we trust its statements to be from Muhammad? Why was it written in Arabic? Does it command Muslims to fight Christians? These are a few of the thirty questions answered in this clear and concise guide to the history and contents of the Quran. Ayman Ibrahim grew up in the Muslim world and has spent many years teaching various courses on Islam. Using a question-and-answer format, Ibrahim covers critical questions about the most sacred book for Muslims. He examines Muslim and non-Muslim views concerning the Quran, shows how the Quran is used in contemporary expressions of Islam, answers many of the key questions non-Muslims have about the Quran and Islam, and reveals the importance of understanding the Quran for Christian-Muslim and Jewish-Muslim interfaith relations. This introductory guide is written for anyone with little to no knowledge of Islam who wants to learn about Muslims, their beliefs, and their scripture.*

*Written in the popular question-and-answer format, this book examines the beliefs, practices, spirituality and culture of one of the most important families of faith communities, Buddhism.*

*Each person is born in a circumstance which is not of his own choosing. The religion of his family or the ideology of the state is thrust upon him from the very beginning of his existence in this world. By the time he reaches his teens, he is usually fully brain-washed into believing that the beliefs of his particular society are the correct beliefs that everyone should have. However, when some people mature and are exposed to other belief-systems, they begin to question the validity of their own beliefs. The seekers of truth often reach a point of confusion upon realizing that each and every religion, sect, ideology and philosophy claims to be the one and only correct way for man. Indeed, they all encourage people to do good. So, which one is right?*

*How can teachers introduce Islam to students when daily media headlines can prejudice students' perception of the subject? Should Islam be taught differently in secular universities than in colleges with a clear faith-based mission? What are strategies for discussing Islam and violence without perpetuating stereotypes? The contributors of Teaching Islamic Studies in the Age of ISIS, Islamophobia, and the Internet address these challenges head-on and consider approaches to Islamic studies pedagogy, Islamaphobia and violence, and suggestions for how to structure courses. These approaches acknowledge the particular challenges faced when teaching a topic that students might initially fear or distrust. Speaking from their own experience, they include examples of collaborative teaching models, reading and media suggestions, and ideas for group assignments that encourage deeper engagement and broader thinking. The contributors also share personal struggles when confronted with students (including Muslim students) and parents who suspected the courses might have ulterior motives. In an age of stereotypes and misrepresentations of Islam, this book offers a range of means by which teachers can encourage students to thoughtfully engage with the topic of Islam.*
