There, she's empowered to protect people from the "town stalker." No one notices that Amanda's uncle, a singing police chief moonlighting at his greenhouse, incubates a deadly strain of locusts. When a hailstorm destroys the greenhouse, the locusts are released, and Amanda learns from the gypsies how to stop the pestilence. While still a teenager, Amanda and her painter-husband move to SoHo, New York's art mecca. Munk is her Svengali and master of drugs. After giving birth, she must take care of her erratic husband and her newborn, precipitating a psychotic break. But her fortune changes as she spies on gypsy workers in the factory next door. Why do they wear hairnets and baby blue dresses when the candy factory has long since closed? Why are they rustling through stacks of letters and bringing coffin-sized trunks into the dark recesses of the factory? With the reputation as the hardest and most dangerous female criminal in Britain, Gypsy Jane Lee was feared and respected throughout London's criminal underworld. This is her true story. During a terrifying journey that began as a 14-year-old armed robber, she has been shot four times, tasered three times by police and served three jail terms. Convicted for armed robbery she was released from prison only to go out and attempt to murder four people. Gypsy Jane has led a life packed with crime, betrayal, drugs and murder but she classes herself as a woman of principles: she values loyalty and honour, and has only ever wanted a 'normal' life.

Romany Legends Daniel and Dolly Buckley The Gypsy Way traces Mary King's unique family history back to the 1920s. The book follows the Buckleys, a well-known Romany gypsy family that lived according to gypsy traditions. The book contains tales, reflections, memories and anecdotes of days gone by; from when Daniel and Dolly were just young children, to them raising their own young family whilst living in a wagon. The couple faced struggles on a daily basis, but lived a happy, content life. The end of their lives saw their funerals becoming events of an unprecedented scale, and rightly so, for in their time this couple were living legends. "Many of the gypsies of today will be amazed by my upbringing, as it won't be the familiar gypsy way that they live and breathe now; but it was the only way of life I knew as a child." Inspired by Maggie Smith-Bendell's Rabbit Stew and a Penny or Two, the book provides a unique insight into Romany gypsy life, which Mary hopes will inspire readers to preserve traditions that are lost in modern life. Romany Legends Daniel and Dolly Buckley The Gypsy Way is illustrated with photographs and will appeal to readers who want to learn more about gypsy traditions.

Born in 1979, Roxy Freeman grew up travelling around Ireland and England in a traditional horse-drawn wagon with her mother and father and six siblings. Life was harsh but it was a childhood of freedom spent in harmony with nature. Roxy didn't know her times-tables but she could milk a goat, ride a horse and cook dinner for the whole family on an open fire before she was ten. Early life was idyllic but when her father brought the family to England, they faced prejudice and hostility and Roxy found herself receiving the very unwelcome attentions of a family friend - which she endured in secret. Despite all of the difficulties she faced, she developed a passion for flamenco and traditional music and developed a career as a dancer, which took her around the world. Her beautifully written story is a frank portrait of what life is really like for women and girls of traveller communities.

Buck Off Ranch seemed like the perfect place to put on my big-girl britches and throw a plot twist in my story. Mysterious cowboy Tripp Miller was as rugged as he was handsome. After he left me tickled pink at the local saloon, I was determined to live out my favorite Western romance with him as my leading man. Rope me. Ride me. Satisfy me. Talk about sore in the saddle! It turned out, this small town had sparked quite the big adventure. I was caught somewhere between saving a horse and riding a cowboy or galloping right out of my comfort zone. I just hoped Tripp was up for the ride because I reckoned I needed more than eight seconds.
