Kids These Days asks why, and answers with a radical, brilliant, data-driven analysis of the economic and cultural forces that have shaped Millennial lives. Examining broad trends like runaway student debt, the rise of the intern, mass incarceration, social media, and more, Harris shows us a generation conditioned from birth to treat their lives and their efforts-their very selves and futures-as human capital to be invested.

Kids These Days: Human Capital and the Making of ...

If more human capital automatically led to a higher standard of living, this model could be the foundation for an American meritocracy. But Millennials' extra work hasn't earned them the promised higher standard of living.

Kids These Days: Human Capital and the Making of Millennials: Harris, Malcolm: Amazon.com.au: Books

In Kids These Days, early Wall Street occupier Malcolm Harris gets real about why the Millennial generation has been wrongly stereotyped, and dares us to confront and take charge of the consequences now that we are grown up. Millennials have been stereotyped as lazy, entitled, narcissistic, and immature. We've gotten so used to sloppy generational analysis filled with dumb clichés about young people that we've lost sight of what really unites Millennials. Namely: We are the most educated and hardworking generation in American history. We poured historic and insane amounts of time and money into preparing ourselves for the 21st-century labor market. We have been taught to consider working for free (homework, internships) a privilege for our own benefit. We are poorer, more medicated, and more precariously employed than our parents, grandparents, even our great grandparents, with less of a social safety net to boot. Kids These Days is about why. In brilliant, crackling prose, early Wall Street occupier Malcolm Harris gets mercilessly real about our maligned birth cohort. Examining trends like runaway student debt, the rise of the intern, mass incarceration, social media, and more, Harris gives us a portrait of what it means to be young in America today that will wake you up and piss you off. Millennials were the first generation raised explicitly as investments, Harris argues, and in Kids These Days he dares us to confront and take charge of the consequences now that we are grown up.

"The first major accounting of the millennial generation written by someone who belongs to it." -- Jia Tolentino, The New Yorker "The best, most comprehensive work of social and economic analysis about our benighted generation." --Tony Tulathimutte, author of Private Citizens "The kind of brilliantly simple idea that instantly clarifies an entire area of culture."--William Deresiewicz, author of Excellent Sheep Millennials have been stereotyped as lazy, entitled, narcissistic, and immature. We've gotten so used to sloppy generational analysis filled with dumb clichés about young people that we've lost sight of what really unites Millennials. Namely: - We are the most educated and hard-working generation in American history. - We poured historic and insane amounts of time and money into preparing ourselves for the 21st century labor market. - We have been taught to consider working for free (homework, internships) a privilege for our own benefit. - We are poorer, more medicated, and more precariously employed than our parents, grandparents, even our great grandparents, with less of a social safety net to boot. Kids These Days, is about why. In brilliant, crackling prose, early Wall Street occupier Malcolm Harris gets mercilessly real about our maligned birth cohort. Examining trends like runaway student debt, the rise of the intern, mass incarceration, social media, and more, Harris gives us a portrait of what it means to be young in America today that will wake you up and piss you off. Millennials were the first generation raised explicitly as investments, Harris argues, and in Kids These Days he dares us to confront and take charge of the consequences now that we are grown up.

An incendiary examination of burnout in millennials--the cultural shifts that got us here, the pressures that sustain it, and the need for drastic change

From the writer hailed for giving voice to a generation in Kids These Days comes a bold rejection of a society in which inequality, student debt, and exploitation have come to define our lives Our economic situation, political discourse, and future prospects have gotten much worse since a guy brought a sign that said "Shit is Fucked Up and Bullshit" to the Occupy Wall Street protests. We all knew what he meant then . . . but where are we now? And how has so much happened since the so-called end of history? Malcolm Harris, one of our sharpest and most versatile critics, tackles these questions in over 30 new and selected pieces, examining everything from the lowering of wages to the rise of fascism--and the maddening cultural landscape in between. Along the way, he cops to being the guy who tricked protestors into thinking Radiohead was playing Occupy Wall Street; investigates why the robots that will replace us so often look like sex objects; and, most comfortingly, assures us that Marx saw the necessity of a crisis moment just like the one we're in. Rarely does a writer come along who can turn our world so thoroughly upside-down that we can finally understand it for what it really is, but Harris's wry and biting essays do just that, and help us laugh at what we see.

NOW A MAJOR MOTION PICTURE FROM FILM MOVEMENT It's the spring of 2001. Drew Hagel has spent the last decade watching things slip away—his marriage, his real estate brokerage, and his beloved daughter, Shannon, now a distant and mysterious high school senior. But as summer approaches, Drew forms an unexpected friendship with Quint Manning, the manager of a secretive hedge fund. Drew sees the friendship leading to vast, frictionless wealth, but Drew doesn't know that Manning has problems of his own: his Midas touch is abandoning

him, his restless wife has grown disillusioned, and his hard-drinking son is careening out of control. As the fortunes of the Hagels and the Mannings collide, a terrible accident gives Drew the leverage he needs to stay in the game. At once brilliantly observed and masterfully paced, Human Capital "deftly slices open the rich, corrupt heart of suburban America and lets its dark secrets bleed out" (Elle).

During a child's development, educators become a crucial connection point, with the potential to make a huge impact on a student's well-being. But are the educators okay? Carrington believes that most great educators want to make a difference. It's time we did a better job of looking after educators first!

This book is uniquely original and can be personalized with any girl's name. How fun is that? Think of the possibilities: baby or shower gifts, birthdays, a special something from grandma, and more. You can purchase the book as shown, using Faith in the title, or personalize it to suit your specific needs. Simply contact us at eStoryTime.com BEFORE placing your Amazon order and we'll take care of the rest. After contacting us, you'll still need to order the book through Amazon, so we'll send you a direct link to use when placing your order. It will assure the book is personalized with the name you've requested. We've taken the worry out of the process and your child will be thrilled with the final product. Who doesn't like to see their name on the cover or hear it related throughout the story? The author, Melissa Ryan, is the mother of five children and knows the importance of reading to your little ones. It instills a love of books and fosters an active imagination in the youngest of readers. Help start them on a path of discovery with Melissa's stories. The tale of Faith is perfect for bedtime, especially when unleashing the child's wonder by using her own name. This is a book that can be enjoyed over and over again, and will be remembered long after the last page is read and the lights turned out. Faith's Hiccum-ups Day is beautifully written and will hold your child's attention while you share this delightful tale. Tag along with Faith as she giggles, HIC's, and jumps her way through a day with the hiccum-ups. See the silly things her family suggests to solve her problem. It's a day filled with enough fun for everyone. Faith will capture your heart, and the moments spent reading it together will build fond memories that will be cherished throughout the years. Your little girls grow up all too fast; make lasting impressions while you can. This is just one of several books offered by Melissa in her ever-expanding children's book series. You'll learn to love and appreciate the extra attention that goes into each volume. Special care is taken to keep the child's heart at the center of each story, helping them build character and learn something along the way. Encourage that special child in your life to embrace what is truly unique, and sometimes funny, about their developing personalities. Spend a few minutes with Faith on her I-Didn't-Do-It kind of day and make bedtime special, while you create a binding relationship with the power of reading...you'll look back in awe at the foundations you've built. Please customize and purchase this book for a special little girl in your life today.
