than \$1,000, Wilbur and Orville Wright made the first powered flights in the history of mankind—and opened the Air Age. Why did these two brothers, mechanics by trade, succeed where trained scientists—working with unlimited funds and the backing of great institutions—had repeatedly failed? In this biography, authorized by Orville Wright and first published in 1943, Fred Kelly separates fact from legend and recreates the dramatic achievements of two men, self-taught inventors, who solved the “impossible” problem of flight. *The Wright Brothers* is a story of total adventure—the sharp physical adventure of flight in perilously frail machines, and the breathtaking intellectual adventure of minds discovering through tireless research and sudden, brilliant hunches the solution to the “impossible” problem of flight. Fred Kelly is recognized as one of the world’s foremost authorities on the Wright brothers—their growth, their struggles, their disappointments and their ultimate triumph. For more than thirty years he was a personal friend of Orville Wright and talked with him daily while writing this book. The result is a vivid recreation of the birth and pioneer days of aviation and an intimate, affectionate portrait of two men whose inventive genius changed the world. “A gripping book on a fascinating subject...” —*Boston Globe*

funny yet poignant entries. Her journals candidly chronicle the great changes that take place within the castle's walls, and her own first descent into love. By the time she pens her final entry, she has "captured the castle"-- and the heart of the reader-- in one of literature's most enchanting entertainments. " This book has one of the most charismatic narrators I've ever met. " -- J.K. Rowling, author of the Harry Potter series

Transporting a murderer only to learn that the man's crime falls under his jurisdiction and that the killer has escaped, Sheriff Longmire taps insights from Indian mysticism in a manhunt through the wilderness.

The woman behind the icon known as Elvira, Mistress of the Dark, the undisputed Queen of Halloween, reveals her full story, filled with intimate bombshells, told by the bombshell herself. On Good Friday in 1953, at only 18 months old, 25 miles from the nearest hospital in Manhattan, Kansas, Cassandra Peterson reached for a pot on the stove and doused herself in boiling water. Third-degree burns covered 35% of her body, and the prognosis wasn't good. But she survived. Burned and scarred, the impact stayed with her and became an obstacle she was determined to overcome. Feeling like a misfit led to her love of horror. While her sisters played with Barbie dolls, Cassandra built model kits of Frankenstein and Dracula, and idolized Vincent Price. Due to a complicated relationship with her mother, Cassandra left home at 14, and by age 17 she was performing at the famed Dunes Hotel in Las Vegas. Run-ins

with the likes of Frank Sinatra, Sammy Davis Jr., and Tom Jones helped her grow up fast. Then a chance encounter with her idol Elvis Presley, changed the course of her life forever, and led her to Europe where she worked in film and traveled Italy as lead singer of an Italian pop band. She eventually made her way to Los Angeles, where she joined the famed comedy improv group, The Groundlings, and worked alongside Phil Hartman and Paul "Pee-wee" Reubens, honing her comedic skills. Nearing age 30, a struggling actress considered past her prime, she auditioned at local LA channel KHJ as hostess for the late night vintage horror movies. Cassandra improvised, made the role her own, and got the job on the spot. Yours Cruelly, Elvira is an unforgettably wild memoir. Cassandra doesn't shy away from revealing exactly who she is and how she overcame seemingly insurmountable odds. Always original and sometimes outrageous, her story is loaded with twists, travails, revelry, and downright shocking experiences. It is the candid, often funny, and sometimes heart-breaking tale of a Midwest farm girl's long strange trip to become the world's sexiest, sassiest Halloween icon.
