Twelve-year-old twin adventurers Cleopatra and Alexandra Dodge are reunited with their father and realize that two family heirlooms reveal the location of a treasure that is their birthright. When they set sail with Captain Tarboro on the Almira, they know they're heading into danger—the ocean is filled with new and old enemies, including their nemesis, the infamous pirate Felix Worley. But like a coral reef that lurks below the surface of the waves, trouble is brewing between the siblings. Alex is determined to become a sailor and is happy with his role aboard the Almira, but Cleo—the only girl on the ship—is tired of washing dishes in the galley. In an effort to find her own purpose, she begins studying sword fighting with Tarboro, but neither Alex nor her father approves. Can the twins remain close as they pursue different goals and dreams, or will their growing differences tear the family apart before the treasure can be found? In this follow-up to the New York Times bestselling COMPASS SOUTH, Hope Larson and Rebecca Mock once again create an outstanding seafaring adventure with KNIFE'S EDGE. A Margaret Ferguson Book

In this harrowing near-future thriller, a teen girl reeling from a recent tragedy tries to do the right thing knowing one wrong move could unravel her society's fragile order. Persephone “Sephy” Hadley is six months pregnant with a biracial baby, a parentage that could be a death sentence in her brutal society. And Sephy has no one to help her after the baby's father was hanged for terrorism months ago. As her due date approaches, Sephy feels more and more haunted by her lost love. But she's not the only one who misses Callum. His brother, Jude, hasn't forgotten—or forgiven—anything about what happened. And he blames Sephy for Callum's death. Jude won't rest until he's avenged his brother by murdering the girl who got him killed. Jude's actions bring him dangerously close to meeting the same fate as Callum. With the man who wants her dead poised on a knife's edge, Sephy must decide if she's willing to save him from himself.

It's 1860 in New York City. When twelve-year-old twins Alexander and Cleopatra's father disappears, they join the Black Hook Gang and are caught by the police pulling off a heist. They agree to reveal the identity of the gang in exchange for tickets to New Orleans. But once there, Alex is tricked into working on a ship that is heading for San Francisco via Cape Horn. Cleo stows away on a steamer to New Granada, where she hopes to catch a train to San Francisco to find her brother. Neither Alex nor Cleo realizes the real danger they are in - they are being followed by pirates who think they hold the key to treasure. How they outwit the pirates and find each other makes for a fast-paced, breathtaking adventure. A Margaret Ferguson Book

When legends come to life the world trembles from a single name. Ronin. Once-heroes from a different age, they wield elemental powers... wind, water, fire, stone, forest, sun, moon, flesh, and metal. At the same time, a young man discovers his best friend with a sword in her stomach, and dark wings sprouting from her back. Guards rush onto the scene, accuse him of the act, and he is forced to flee. In a new world without his memories, Gray must find his way amid legends and darkness, as he wrestles with an elemental power inside himself. A power all too similar to the infamous Ronin...

Just this once . . . Please let me get away with it just this once . . . Tobey wants a better life - for him and his girlfriend Callie Rose. He wants nothing to do with the gangs that rule the world he lives in. But when he's offered the chance to earn some money just for making a few 'deliveries', just this once, would it hurt to say 'yes'? One small decision can change everything . . . The fourth novel in Malorie Blackman's powerful Noughts & Crosses sequence.

The battle of Stalingrad was the turning point of World War II. The German capture of the city, their encirclement by Soviet forces shortly afterwards, and the hard-fought but futile attempts to relieve them, saw bitter attritional fighting and extremes of human misery inflicted on both sides. The surrender of General Friedrich von Paulus's army left Germany's eastern armies severely weakened, but the Red Army had suffered enormous losses as it overreached itself in trying to exploit its great victory. The war was not over. Germany would continue the fight, and the battles that took place in the winter of 1942/43 would show the tactical and operational skill of Erich von Manstein and the Wehrmacht as they attempted to avert total disaster. In this title, now available in paperback, a renowned expert on warfare on the Eastern Front reveals the often-overlooked German counteroffensive post-Stalingrad, and how it prevented the whole Axis front line from collapsing. Drawing on first-hand accounts, On a Knife's Edge is a story of brilliant generalship, lost opportunities and survival in the harshest theatre of war.

'The best kind of thriller - step by all-too-plausible step we're sucked into frantic, breathless action ... Perfect.' LEE CHILD You never know where danger may come from... 6.45am. A sweltering London rush hour. And in the last 27 minutes, seven people have been murdered. In a series of coordinated attacks, seven men and women across London have been targeted. For journalist Famie Madden, the horror unfolds as she arrives for the morning shift. The victims have one thing in common- they make up the investigations team at the news agency where Famie works. The question everyone's asking- what were they working on that could prompt such brutal devastation? As Famie starts to receive mysterious messages, she must find out whether she is being warned of the next attack, or being told that she will be the next victim...

'It's a brilliant book... There are lessons in every paragraph... Get it now.' Chris Evans 'Wonderous and wild. I loved this book' James Nestor, bestselling author of Breath 'Moving, raw and unflinching' Julia Samuel, bestselling author of This Too Shall Pass 'Incredible storytelling' Dr Rangan Chatterjee, bestselling author of Feel Better in 5 \_\_\_\_\_ How do you carry on when things go deadly wrong? When Dr Rahul Jandial operated on Karina, an eleven-year-old girl whose spinal cord was splitting in two, he had to make an impossible decision. He followed his head over his gut and Karina was left permanently paralysed, altering both patient and surgeon's lives for ever. This decision would haunt Rahul for decades, a constant reminder of the fine line between saving and damaging a life. As one of the world's leading brain surgeons, Rahul is the last hope for patients with extreme forms of cancer. In treating them, he has observed humanity at its most raw and most robust. He has journeyed to unimaginable extremes with them, guiding them through the darkest moments of their lives. Life on a Knife's Edge is Rahul's beautifully written account of the resilience, courage and belief he has witnessed in his patients, and the lessons about human nature he has learned from them. It is about the impossible choices he has to make, and the fateful consequences he is forced to live with. From challenging the ethics of surgical practices, to helping a patient with locked-in syndrome communicate her dying wish to her family, Rahul shares his extraordinary experiences, revealing the depths of a surgeon's psyche that is continuously pushed to its limits.

This book is open access under a CC BY 4.0 license. This book delves into the widely held belief that the 21st century will be the "Asian Century" by examining the Asia's rapid economic development in the post-war era and the challenges it faces in forging ahead of world leaders in the West. The impact of the current turbulent global political climate on Asia is critically analyzed, employing a holistic and multidisciplinary approach, combining economic, social, political and geopolitical perspectives. Written in an accessible style, the book offers students, business, government, and civil society players powerful insights on Asia.
