Craig Mann's experiences with women and children over the years had not been good. Melissa Branson is a young widow with three small children, struggling to make her way in the world. Discusses basic techniques and ingredients for making frozen desserts, and includes recipes for such treats as pear champagne sorbet, strawberry frozen yogurt, three-fruit ice cream, and orange gelato.

With little skill, surprisingly few ingredients, and even the most unsophisticated of ice-cream makers, you can make the scrumptious ice creams that have made Ben & Jerry's an American legend. Ben & Jerry's Homemade Ice Cream & Dessert Book tells fans the story behind the company and the two men who built it—from their first meeting in 7th-grade gym class (they were already the two widest kids on the field) to their "graduation" from a \$5.00 ice-cream-making correspondence course to their first ice-cream shop in a renovated gas station. But the best part comes next. Dastardly Mash, featuring nuts, raisins, and hunks of chocolate. The celebrated Heath Bar Crunch. New York Super Fudge Chunk. Oreo Mint. In addition to Ben & Jerry's 11 greatest hits, here are recipes for ice creams made with fresh fruit, with chocolate, with candies and cookies, and recipes for sorbets, sundaes, and baked goods.

OUR CULTURE HAS BECOME OBSESSED WITH HUSTLING. As we struggle to keep up in a knowledge economy that never sleeps, we arm ourselves with life hacks, to-do lists, and an inbox-zero mentality, grasping at anything that will help us work faster, push harder, and produce more. There's just one problem: most of these solutions are making things worse. Creativity isn't produced on an assembly line, and endless hustle is ruining our mental and physical health while subtracting from our creative performance. Productivity and Creativity are not compatible; we are stuck between them, and like the opposite poles of a magnet, they are tearing us apart. When we're told to sleep more, meditate, and slow down, we nod our heads in agreement, yet seem incapable of applying this advice in our own lives. Why do we act against our creative best interests? WE HAVE FORGOTTEN HOW TO FLOAT. The answer lies in our history, culture, and biology. Instead of focusing on how we work, we must understand why we work—why we believe that what we do determines who we are. Hustle and Float explores how our work culture creates contradictions between what we think we want and what we actually need, and points the way to a more humane, more sustainable, and, yes, more creative, way of working and living.

With a foreword by Ree Drummond, this beautiful book has 100 easier, faster, lightened-up Southern recipes, from the blogger behind the popular Add a Pinch website. A generation ago, home cooks may have had all day to prepare dinner, but most folks now want convenient, fast recipes that don't rely on canned soups or other processed products. Here, fresh ingredients take center stage in slow cooker meals, casseroles and one-dish suppers, salads, soups, and desserts that have deep, satisfying flavors but are a cinch to make. Smart swaps like Greek yogurt for mayo in pimento cheese and cauliflower "rice" put a modern spin on these dishes. With 75 color photographs and lots of sidebars, this is the new Southern cooking handbook.
