How to Teach Story Writing at Key Stage 1 is a practical manual for teachers, to be used directly in the classroom. The book begins with a series of language games, designed to warm up creativity and strengthen the imagination. This is followed by a series of creative story workshops, based on the writer's own experience

both as a teacher and poet running workshops in schools. These workshops focus on growing the roots of story writing through story telling and reading, and begin with the importance of learning a few well-known tales. There are ideas for drama, role-play and art, and a few model stories are provided for story telling. Other workshops explore simple ideas for creating new stories, based around simple familiar patterns. The book also offers advice on how to organize an effective workshop for younger children, and demonstrates how to teach story writing in a dynamic, creative and imaginative way in relationship with the KS1 national literacy framework. Workshops include the story of our lives; stories that make a circle; stories about problems; days of the week tales; humbug, stuff and nonsense stories; quests; repetitive tales; wishing stories; warning stories; and cooking the story soup.

"Tom is not prepared for what is about to happen when he hears the grandfather clock strike thirteen. Outside the back door is a garden, which everyone tells him does not exist."--Page 4 de la couverture.

This book explores what writing for pleasure means, and how it can be realised as a much-needed pedagogy whose aim is to develop children, young people, and their teachers as extraordinary and life-long writers. The approach described is grounded in what global research has long been telling us are the most effective ways of teaching writing and contains a description of the authors ' own research project into what exceptional teachers of writing do that makes the

difference. The authors describe ways of building communities of committed and successful writers who write with purpose, power, and pleasure, and they underline the importance of the affective aspects of writing teaching, including promoting in apprentice writers a sense of self-efficacy, agency, self-regulation, volition, motivation, and writer-identity. They define and discuss 14 research-informed principles which constitute a Writing for Pleasure pedagogy and show how they are applied by teachers in classroom practice. Case studies of outstanding teachers across the globe further illustrate what world-class writing teaching is. This ground-breaking text is essential reading for anyone who is concerned about the current status and nature of writing teaching in schools. The rich Writing for Pleasure pedagogy presented here is a radical new conception of what it means to teach young writers effectively today.

This is a bank of ideas designed to help teachers to develop the writing of primary-school pupils. It is concerned mainly with the compositional aspects of writing, rather than spelling, handwriting and punctuation, and consists of five main sections, dealing with writing stories and poems, writing for information, writing from reading, writing from personal experience, and redrafting and proof-reading.

English series. Creative Writing has been written by an experienced teacher and tutor and written with the needs of children in mind. This book concentrates specifically and in depth on Creative Writing required by the National Curriculum, providing everything needed to stimulate a child to write imaginatively. It is specifically targeted at Key Stage 2 and 3 (ages 8-14 years). However, it provides a useful aid for students taking GCSE at foundation level. It contains material suitable for SATS examinations, for those taking 11+ entrance examinations and for students learning English as a foreign language. Creative Writing will guide students through the story writing process, as if they had a tutor by their side. This book is designed to help the child with thinking up ideas, providing starting points for writing, structuring and organizing their writing into paragraphs. It features writing a good introduction with characters, setting and plot, building up suspense and winding up the plot with a suitable resolution. Attention is given to making writing more interesting by varying sentence types, using punctuation and good grammar. The student will investigate different narrative structures for writing stories, exploring various viewpoints so they can decide if they write in first or third person. They will learn to evoke mood and atmosphere by using good vocabulary. Creative Writing includes an exciting range of model answers and sample texts written by children and provides practice questions to test them. Common errors made by students are highlighted and corrected. It is packed with vital hints and tips on gaining those top grades. Creative Writing is ideal for working through at home, supplementing school work. By working methodically through this book the students

A bright, science-minded boy goes to the beach equipped to collect and examine flotsam--anything floating that has been washed ashore. Bottles, lost toys, small objects of every description are among his usual finds. But there's no way he could have prepared for one particular discovery: a barnacle-encrusted underwater camera, with its own secrets to share . . . and to keep. Each of David Wiesner's amazing picture books has revealed the magical possibilities of some ordinary thing or happening--a frog on a lily pad, a trip to the Empire State Building, a well-known nursery tale. In this Caldecott Medal winner, a day at the beach is the springboard into a wildly imaginative exploration of the mysteries of the deep, and of the qualities that enable us to witness these wonders and delight in them.

This book will to help student and practicing teachers to understand the issues surrounding literacy, the place of transition in pupils' lives, and to feel confident in handling the National Literacy Strategy.
