Barlow issues a call to action for everyone who prepares, serves, consumes, or simply enjoys food. Everyone has a responsibility to pay more attention to what he or she eats, where it comes from, and how it affects the world.

SUSE Linux Enterprise Server 12 - AutoYaST Guide. AutoYaST is a system for unattended mass deployment SUSE Linux Enterprise Serv- er systems using an AutoYaST profile containing installation and configuration data. The manual guides you through the basic steps of auto-installation: preparation, installation, and configuration. This book is available for free in many languages and different formats on the suse.com web site. This book is printed in grayscale.

The seventh edition of Chapra and Canale's Numerical Methods for Engineers retains the instructional techniques that have made the text so successful. Chapra and Canale's unique approach opens each part of the text with sections called "Motivation," "Mathematical Background," and "Orientation." Each part closes with an "Epilogue" containing "Trade-Offs," "Important Relationships and Formulas," and "Advanced Methods and Additional References." Much more than a summary, the Epilogue deepens understanding of what has been learned and provides a peek into more advanced methods. Helpful separate Appendices. "Getting

Started with MATLAB" and "Getting Started with Mathcad" which make excellent references. Numerous new or revised problems are drawn from actual engineering practice. The expanded breadth of engineering disciplines covered is especially evident in these exercises, which now cover such areas as biotechnology and biomedical engineering. Excellent new examples and case studies span all areas of engineering giving students a broad exposure to various fields in engineering. Users will find use of files for many popular software packages, specifically MATLAB®, Excel® with VBA, and Mathcad®. There is also material on developing MATLAB® m-files and VBA macros.

A look at the German High Command during World War II challenges the myth that the German Generals could have won the war had Hitler not interfered, and maps out the history and the personalities of the German Command Structure.

Get a plan to ace the exam—and make the most of the time you have left. Soon to be translated into Japanese! The Bisexual Option explores bisexuality, explains the bisexual, and explodes myths surrounding this large “unseen” segment of the population. Now in its second edition, this intriguing book gives an overview of bisexuality. As there is still no book that covers the subject like this one, it is must reading for establishing a contemporary view of bisexuality and those committed to a bisexual lifestyle. Fritz Klein, an experienced psychiatrist and expert in bisexuality and sexual orientation, explains the concept and the variables of sexual orientation and where bisexuality fits. He covers many subjects in the book including: myths of bisexual nonexistence and the “either/or” dilemma intimacy, both emotional and sexual an explanation of bisexuality and the Oedipus Complex definitions and examples of the healthy and troubled bisexual major sociological findings about bisexuality the bisexual in history the bisexual as depicted in the arts factors that will influence bisexuality in the future The book helps readers understand where they fit on the sexual orientation continuum. The Bisexual Option aids in explaining who bisexuals are and why they have problems in heterosexual as well as homosexual societies and shows bisexuals that they are not alone. Even helping professionals will find information on this “invisible” but large segment of the population. A variety of readers will want to read The Bisexual Option including the bisexual community and individual bisexuals, the homosexual communities which include many bisexuals, mental health practitioners, psychologists, both students and professionals, university students, married partners of bisexuals, HIV/AIDS workers who wish to become acquainted with how bisexuality affects the risk to the heterosexual community, sexologists, and researchers.

First, some giant ants steal breakfast. Then there are the evil ninjas, massive ape, mysterious mole people, giant blob, and countless other daunting (and astonishing) detours along the way to school. Are these excuses really why this student is late? Or is there another explanation that is even more outrageous than the rest? From Davide Cali and Benjamin Chaud, the critically acclaimed author/illustrator team behind *I Didn't Do My Homework Because . . .* comes a fast-paced, action-packed, laugh-out-loud story about finding the way to school despite the odds—and the unbelievable oddness! Plus, this is the fixed format version, which will look almost identical to the print version. Additionally for devices that support audio, this ebook includes a read-along setting.

Konowa Swift Dragon was once commander of the Iron Elves, the legendary Elven regiment of the human army of the Calahrian Empire. Now recalled from exile and disgrace, he is second-in-command of the reconstituted regiment -- a motley band of misfits who are elves in name alone. Konowa's destiny is to stand against the looming threat of the Shadow Monarch, whose destructive ambitions have called down an alien power from the stars and riven the land with all manner of ancient evils. The same Shadow Monarch whose tainted mark he bears... His quest leads Konowa deep into the desert wastes: the burning lands to which the original Iron Elves were banished. There he and his current companions must face trials beyond their imagining, to learn how to defeat the Shadow Monarch for all time.
