Read Book La Medicina Suprema

Caribbean is the first major book to analyze the abortion laws of the Latin American and Caribbean nations that are parties to the American Convention on Human Rights. Making use of a broad range of materials relating to human rights and abortion law

Read Book La Medicina Suprema

not yet available in English, the first part of this book analyzes how Inter-American human rights bodies have interpreted the American Convention's prenatal right to life. The second part examines Article 4(1) of the American Convention, comparing

Read Book La Medicina Suprema

and analyzing the laws regarding prenatal rights and abortion in all twenty-three nations that are parties to this treaty. Castaldi questions how Inter-American human rights bodies currently interpret Article 4(1). Against the predominant view, she argues

Read Book La Medicina Suprema

that the purpose of this treaty is to grant legal protection of the unborn child from elective abortion that is broad and general, not merely exceptional. Abortion in Latin America and the Caribbean offers an objective analysis of national and

Read Book La Medicina Suprema

international laws on abortion, proposing a new interpretation of the American Convention's right-to-life provision that is nonrestrictive and provides general protection for the unborn. The book will appeal not only to students and scholars in the field

Read Book La Medicina Suprema

of international human rights but also to human rights advocates more generally.

Read Book La Medicina Suprema

For undergraduate/graduate courses in Human Resource Management. This best-selling survey of contemporary human resource management offers a balance of practical and applied material as well as underlying Human Resource Management

Read Book La Medicina Suprema

theory. It reflects the latest information, including the impact of global competition and rapid technological advances that have accelerated trends such as shared service centers, outsourcing, and just-in-time training. A wealth of actual
