Winner at the 2012 International Latino Book Awards. An entertaining and bewitchingly illustrated guide that will delight those who dare to venture into the mysterious witches world. Three days ago, my brother and I received the most mysterious letter from Aunt Amarga: “ Dear niece and nephew, There ’ s not much time left... Do you want to learn everything you ’ ve ever wanted to know but have never before known because nobody has ever known? In short: Do you want to know if witches really exist? ” Being a witch is hard work, especially because they have to keep it a secret all the time! Being evil, flying in those impossible broomsticks, mixing all kind of plants together to create the perfect evil potions and spells... it is an enduring task! Aunt Amarga is a witch, and probably the only one left. That is why she decides to share this Witches Handbook with her nephews, so that all the all-time secrets of witches don ’ t go along with her! Readers of all ages will laugh along as they learn everything about the magic world of witches. Read the first pages right here:

The very hungry caterpillar shows its love for Mom.

How to speed up business processes, improve quality, and cut costs in any industry In factories around the world, Toyota consistently makes the highest-quality cars with the fewest defects of any competing manufacturer, while using fewer man-hours, less on-hand inventory, and half the floor space of its competitors. The Toyota Way is the first book for a general audience that explains the management principles and business philosophy behind Toyota's worldwide reputation for quality and reliability. Complete with profiles of organizations that have successfully adopted Toyota's principles, this book shows managers in every industry how to improve business processes by: Eliminating wasted time and resources Building quality into workplace systems Finding low-cost but reliable alternatives to expensive new technology Producing in small quantities Turning every employee into a qualitycontrol inspector
