Francesco returns to infuse us with breath when life appears to be meaningless. In the fourth installment of the blockbuster franchise that has transformed the lives of thousands of readers, Francesco is back with a renewed vigor: to become the master of love. His mission is to descend to earth and show those suffering how to fix their problems without them being aware of his presence. Throughout this book, Francesco is a part of the tangling and misunderstandings between two souls as they argue about his presence, all the while he stands by their sides.

This set includes the four novels that made Yohana García a successful author Francesco: Una vida entre el cielo y la tierra, Francesco: El llamado, Francesco decide volver a nacer, and Francesco: El maestro del amor. Francesco is that teacher who helps you find love, overcome challenges, and take control of your life. Through these books, readers will understand that they are full of magic, inner strength, and the ability to achieve what they desire in life.

Francesco regresa al cielo, donde será guardián de un bosque que resguarda nuestras historias y anhelos. Además recorrerá los espacios sagrados para conocer y transmitir las enseñanzas de los maestros. Así, su camino lo llevará a reflexionar sobre el tiempo, el destino, los recuerdos y las maneras en que mujeres y hombres honramos el

presente para construir un mejor futuro.

To make the journey into the Now we will need to leave our analytical mind and its false created self, the ego, behind. From the very first page of Eckhart Tolle's extraordinary book, we move rapidly into a significantly higher altitude where we breathe a lighter air. We become connected to the indestructible essence of our Being, "The eternal, ever present One Life beyond the myriad forms of life that are subject to birth and death." Although the journey is challenging, Eckhart Tolle uses simple language and an easy question and answer format to guide us. A word of mouth phenomenon since its first publication, *The Power of Now* is one of those rare books with the power to create an experience in readers, one that can radically change their lives for the better.

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.

This manual has been designed and written with the purpose of introducing key concepts and areas of debate around the "creative economy", a valuable development opportunity that Latin America, the Caribbean and the world at large cannot afford to miss. The creative economy, which we call the "Orange Economy" in this book (you'll see why), encompasses the immense wealth of talent, intellectual property, interconnectedness, and, of course, cultural heritage of the Latin American and Caribbean region (and indeed, every region). At the end of this manual, you will have the knowledge base necessary to understand and explain what the Orange Economy is and why it is so important. You will also acquire the analytical tools needed to take better advantage of opportunities across the arts, heritage, media, and creative services.

Amid the turbulence of World War II, a young German woman finds a precarious haven closer to the source of danger than she ever imagined—one that will propel her through the extremes of privilege and terror under Hitler's dictatorship . . . In early 1943, Magda

Ritter's parents send her to relatives in Bavaria, hoping to keep her safe from the Allied bombs strafing Berlin. Young German women are expected to do their duty—working for the Reich or marrying to produce strong, healthy children. After an interview with the civil service, Magda is assigned to the Berghof, Hitler's mountain retreat. Only after weeks of training does she learn her assignment: she will be one of several young women tasting the Führer's food, offering herself in sacrifice to keep him from being poisoned. Perched high in the Bavarian Alps, the Berghof seems worlds away from the realities of battle. Though terrified at first, Magda gradually becomes used to her dangerous occupation—though she knows better than to voice her misgivings about the war. But her love for a conspirator within the SS, and her growing awareness of the Reich's atrocities, draw Magda into a plot that will test her wits and loyalty in a quest for safety, freedom, and ultimately, vengeance. Vividly written and ambitious in scope, *The Taster* examines the harrowing moral dilemmas of war in an emotional story filled with acts of extraordinary courage. Praise for V.S. Alexander's *The Magdalen Girls* "Fans of Barbara Davis and Ashley Hay will enjoy this tenderhearted story of sinner, saints, and redemption." --Booklist "Alexander has clearly done his homework. Chilling in its realism, his work depicts the improprieties long abandoned by the Catholic Church and only recently acknowledged. Fans of the book and film *Philomena* will want to read this." --Library Journal

NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The Wall Street Journal* • *Financial Times* In *The Power of Habit*, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, *The Power of Habit* contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author "Sharp, provocative, and useful."—Jim Collins "Few [books] become essential manuals for business and living. *The Power of Habit* is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the good."—*Financial Times* "A flat-out great read."—David Allen, bestselling author of *Getting Things Done: The Art of Stress-Free Productivity* "You'll never look at yourself, your organization, or your world quite the same way."—Daniel H. Pink, bestselling author of *Drive* and *A Whole New Mind* "Entertaining . . . enjoyable . . . fascinating . . . a serious look at the science of habit formation and change."—*The New York Times Book Review*

From the acclaimed author of *A Breath of Fresh Air*, this beautiful novel takes us to modern India during the height of the summer's mango season. Heat, passion, and controversy explode as a woman is forced to decide between romance and tradition. Every young Indian leaving the homeland for the United States is given the following orders by their parents: Don't eat any cow (It's still sacred!), don't go out too much, save (and save, and save) your money, and most important, do not marry a foreigner. Priya Rao left India when she was twenty to study in the U.S., and she's never been back. Now, seven years later, she's out of excuses. She has to return and give her family the news: She's engaged to Nick Collins, a kind, loving American man. It's going to break their hearts. Returning to India is an overwhelming experience for Priya. When she was growing up, summer was all about mangoes—ripe, sweet mangoes, bursting with juices that dripped down your chin, hands, and neck. But after years away, she sweats as if she's never been through an Indian summer before. Everything looks dirtier than she remembered. And things that used to seem natural (a buffalo strolling down a newly laid asphalt road, for example) now feel totally chaotic. But Priya's relatives remain the same. Her mother and father insist that it's time they arranged her marriage to a "nice Indian boy." Her extended family talks of nothing but marriage—particularly the marriage of her uncle Anand, which still has them reeling. Not only did Anand marry a woman from another Indian state, but he also married for love. Happiness and love are not the point of her grandparents' or her parents' union. In her family's rule book, duty is at the top of the list. Just as Priya begins to feel she can't possibly tell her family that she's engaged to an American, a secret is revealed that leaves her stunned and off-balance. Now she is forced to choose between the love of her family and Nick, the love of her life. As sharp and intoxicating as sugarcane juice bought fresh from a market cart, *The Mango Season* is a delightful trip into the heart and soul of both contemporary India and a woman on the edge of a profound life change.
